SCHOOL BOND ADVISERS TO REMAIN 'OUT'

Plan of Board of Education To Add To Their Number Calls Halt in Proposals For Recalling Resignations

"No Chance of Working in Harmony With the Board," Says Chairman Kahn; "Let-ter Has Been Ignored"

The bond expenditure committee of the Oakland School Department will not accept resignation of the hands of the board of education. This statement made today by Fred Kahn, chairman of the committee, which recently resigned, follows action of the board in voting to appoint four new members to the bond body, action which the former committee members say precipitates a situation unique and fraught with possibilities for discord. "Our only possible action," said Kahn, "is to stand by our letter of August 22. The board has shown that, by adopting resolutions commending us in one moment, and by voting action that disregards the letters we sent them in the next, there could be no chance of our working with them in harmony."

As the committee members had requested that they be not summoned together to take any action toward reorganization unless the school board should agree to an acceptance of all of the proposals in the letter of conditions, Kahn will not even call a meeting.

"I am speaking merely as a citizen and not as chairman of the bond committee," Kahn said. "The board does not now exist," said Fred Kahn, who was chairman of the committee, today. "We will not accept reappointment at the hands of the board of education and I will not even call the former committee together. We are agreed that the board must consent literally to the terms of our communication, before we will meet and last night's action is plainly against the spirit and meaning of our letter."

LACK OF HARMONY FORESEEN BY KAHN. "We claim loyalty to the city of Oakland, to the public and to the school," Kahn said. "We are all busy men, and if we do not work for the school somewhere else, the fact that the board of education could take action seemingly directed toward our return and then move to something that nullifies and ignores what we have done, simply proves that we could not work together in harmony."

The action of the board of education, Kahn said, removes possibility of a return to public service of the group of men who have served as a bond advisory committee was taken last night when it was decided to appoint new members to the committee. The new members, it was announced, would be named by the board and not by the advisory committee in its former capacity. It was also stipulated that two of the members should be appointed from East Oakland.

The matter was brought up by a resolution introduced by President Henry Kahn, who said that East Oakland is not represented on this committee of prominent citizens, and asked that "four members at large" be named, two of them to come from the East.

"East of the lake we have our largest population," said Boyle. "To have a representative body two at least should come from the East."

"Have you taken this up with the bond expenditure committee?" asked Director Daley Short.

"We have no bond expenditure committee," Kahn said.

This statement described the status. The committee, headed by Fred Kahn and including some of Oakland's most prominent business men, had resigned last night, and the board of education handled the land agent question itself.

LAND AGENT ROW. The bond expenditure committee then resigned, intimating that it was apparent that it could not work in harmony with the board's political move. After much discussion, the board asked the committee to reconsider. The committee members replied that they were willing to serve for another year for the sake of the city, provided the board kept out of board politics and first accept the resignations. The board of education intimated its desire to re-employ the committee in its original terms of the old board, and all seemed ready for the prominent citizens to go to work. Last night, however, there was officially no bond expenditure committee in existence.

The matter of additional members, said Director Hatch, "should be referred to the members of the bond expenditure committee anyhow, it might assure that all would work in harmony."

Hatch made a motion to this effect and it was defeated. The original Boyle resolution was then adopted by the vote of Boyle, Campbell, Edwards and Mrs. Ormsby.

"I do not know whether the majority members of this board of education really want our bond expenditure committee to come back," said Kahn afterward. "Does it look like it?"

Members of the former advisory committee, all of whom served without pay, included: Fred Kahn, Joseph H. Kahn, James Pedgley and R. M. Fitzgerald. They have served in advisory capacity in handling the \$4,000,000 school building program.

Peggy Elopes ? Rumor in Paris says bejeweled ex-chorus girl and rich co-respondent are married.

Peggy Joyce and French Admirer Wed, Is Rumor

Paris Hears Former Chorus Girl and Henri Letellier Have Elop.

PARIS, Aug. 30.—Rumors of the elopement of Peggy Joyce with Henri Letellier, France's richest man, who was recently named co-respondent in the application of Millionaire Joyce for a divorce, set Paris agog today.

While formal denials were issued from the stately Letellier mansion in Rue Spontini, it is learned that a wedding feast had been given at Biarritz, while Peggy quit the Majestic Hotel four days ago.

She did not leave any address, but her friends and family were told she was going to Biarritz.

Her friends allege that sentimental reasons may explain her preference for Letellier, who is a Frenchman, that he met Letellier two years ago.

CHICAGO, Aug. 30.—While pretty Peggy Archibald Hopkins Joyce was promenading the boulevards and visits the gay cafes of France with a trail, pale, stoop-shouldered young man in attendance, Alfred S. Stanley, millionaire lumberman, yesterday appeared before Judge Joseph Sabath in the Superior court and signed the certificate of evidence taken at the recent hearing of her suit for separate maintenance.

The signing of the certificate will enable Joyce to take an appeal from the ruling of Judge Sabath, in which he allowed Peggy \$40,000 solicitor's fees and \$1350 a month temporary alimony.

Supreme Clash Near In Turco-Greek War

LONDON, Aug. 30.—The supreme clash in the Turco-Greek war is at hand, latest dispatches from the battlefield show. The fiercest fighting is in progress along the whole front today, according to word from Constantinople.

The Turkish Nationalist forces, under Mustafa Kemal are using cavalry. The Turkish losses are reported to be heavy.

The latest Greek official report, received here from Athens, said violent fighting continues near Sangarum. M. Strel, head of the Greek delegation to the League of Nations, has postponed his departure for Geneva, to await the outcome of the present battle.

As the Greek legation here it was asserted today that the last few days' rumors of Greek reverses are "without foundation."

MINERS' MOB TOLD TO HALT BY HARDING

President Issues Proclamation Ordering Men Assembled Near Marmet To Return To Their Homes By Sept. 1

Army Officer Detailed To Go To District And Enforce Presidential Decree; Martial Law To Follow Violation

WASHINGTON, Aug. 30.—President Harding signed today a proclamation calling on disorderly elements in the mining districts of West Virginia to disperse and return to their homes by September 1 at noon.

Secretary Weeks announced the text of the President's proclamation, which was issued later and said that Brigadier General H. H. Bandholtz had been ordered back to West Virginia to see that all disorderly elements disbanded and the conditions returned to normal. Administration officials emphasized that unless there was prompt compliance with the proclamation martial law would be declared.

WASHINGTON, Aug. 30.—The President will take definite action with regard to the entire West Virginia situation before night, it was said today at the White House.

WELCH, W. Va., Aug. 30.—Five hundred members of McDowell County Post, No. 8, American Legion, under command of Major W. E. Danks, answering a call from Governor Morgan, left Welch today at noon in automobiles for Logan county. A message received here from Sheriff Hatfield, who is in Logan county, stated that tension was high and trouble was expected momentarily.

BY ASSOCIATED PRESS LEASSED WIRE TO TRIBUNE. CHARLESTON, W. Va., Aug. 30.—A big battle is reported imminent between the miners and the sheriff's posse and citizen volunteers. A camp of the invading miners was reported established near Blair, where the army of miners is a large force of deputies under orders of Sheriff Chaffin of Logan county has been concentrated to drive the miners from going further into Logan county.

Reports from points in Boone county indicate a very serious situation. Reports reaching here today were that the army of miners is being constantly augmented. Mero's army with rifles are among the invading host.

SITUATION DANGEROUS, SAYS GENERAL CHARNOCK. BY ASSOCIATED PRESS LEASSED WIRE TO TRIBUNE. CHARLESTON, W. Va., Aug. 30.—Last night Adjutant General Charnock was back in the capital after a trip to the mines. He reported conditions storm-tossed and dangerous. Governor Morgan thereupon sent a patrol of troops of President Harding requesting immediate aid.

In his request, addressed to the chief executive and Secretary of War, the governor stated that the situation was so serious that during the trip he commanded armed bands to disperse, but that they refused to do so and continued to mine along the roads along the boundary line of the two counties. Chesapeake & Ohio Railroad trains have been commandeered to transport the invading army of miners, and telephone wires have been cut and steps taken to prevent re-establishment of communication, the governor said his emissary had informed him.

Adjutant General Charnock's companion on the mission, A. C. Porter, United Mine Workers executive board member, returned to Charleston with the state official.

BELEAGUERED, SAYS UNION REPORT. His report to Chief Keeney, president of District 17, United Mine Workers of America, follows: "The fighting in the engagement near Sharples between state troops and deputy sheriffs and a band of armed men had been identified as William L. Greer of Mattewan and Cecil Clark and W. M. Morrison of Sharples, was borne out by the reports of Adjutant General Charnock and Mr. Porter.

Body of Man Who Took Bergdoll's Place Sent Home

(By Associated Press) PHILADELPHIA, Aug. 30.—The body of Private Russell Gross, who stepped into Grover C. Bergdoll's place when the convicted draft dodger fled to avoid army service, was brought home today. It was one of fifty world war dead to arrive, and was met by a large delegation of relatives, friends and others who assembled about the flag-draped casket to do honor to the man who took Bergdoll's place. Gross was killed in action in France after he had been over the top nine times. The body will be buried with full military honors.

Water Company Reorganization Hearing Begun

City Attorneys of Eastbay Are Given Assurance That Utilities Plan Not Menaced.

SAN FRANCISCO, Aug. 30.—Edwin O. Edgerton, president of the Water Company, was today a witness before the State Railroad Commission, of which, until last year he was the president, in connection with a petition to increase the indebtedness of the corporation by \$50,000,000 and add \$5,000,000 to its stock issue.

Edgerton occupied the stand throughout the morning session, explaining the purpose for which the issues were sought. One of the important matters considered was as to whether the company was to be allowed to sell its stock and bonds at the market quotation or at a price fixed as a minimum by the commission.

"We are desirous of discussing this very matter with the Railroad Commission," Edgerton said. "We have been wondering whether it would not be better to be permitted to sell stock at the market. We find there is a difference of opinion among the people of the city, and we are anxious to get the commission to see that the market valuation is fair. We feel that there would be no objection if we sold always at the market quotation."

APPROVAL SOUGHT FOR ADDED INDEBTEDNESS. The petitions filed with the commission on August 15 seek the commission's approval to an increase of the amount of indebtedness from \$12,250,000 to \$67,250,000 of bonds. The capital stock is to be increased from \$9,500,000 to \$15,500,000. It was stated that the Water Company, which has already won the approval of the commission, is included in the new financing plan. The price was fixed at \$1,000,000, of which \$275,000 is to be paid in cash. The balance of the \$725,000 is to be paid in the form of stock of the Eastbay Water Company and \$325,000 in bonds.

Edgerton explained that the proposed consolidation with the Union Water company would be a benefit to the city and the Alameda county consumers and strengthen the East Bay. The hearing was before Commissioner E. Hester Rowell.

Transit and more part in the discussion, and more particularly to watch the evidence for any reflection it may have on the water rates of the future, is a group of city attorneys from the Eastbay Water Company. Their position is that with so large a capitalization the earning item will need to be so large that increased rates for water would be necessary for the company to pay the interest on the bonds.

Edgerton said that the company does not mean commitment to a large expense in the immediate future, and that the company probably would not develop any new water supply until after the cities have had the chance to work up their utilities district plan.

An effort to bring about an understanding between the company and city attorneys was made yesterday afternoon at a meeting in City Attorney Leon Gray's offices in this city.

FIVE CITY ATTORNEYS WATCH PROCEEDINGS. Listeners included Gray and City Attorneys Hall of Richmond, Locke of Alameda, and City Attorneys Cornish of Berkeley, Lawrence Vilhelm and Attorney Arthur Taper of the city were also present.

The East Bay Water Company has a stock issue of \$15,500,000 in stock and \$50,000,000 in bonds. The Eastbay city attorneys expressed fear that this might mean investment in water supplies to such an extent as to make the company a city-owned utility under the public utilities district plan, impossible.

Edgerton explained that the application for such a change does not mean that the company is committed to a big expense in the immediate future, and he assured the city attorneys that the company probably would not develop any new water supply until after the cities have had the chance to work up their utilities district plan.

It was explained that the only immediate need of the company is for \$2,500,000 to refund \$1,500,000 in stock sold to local banks for the building of San Pablo dam, and to pay the balance of \$1,000,000 for immediate betterments.

"We did not like the idea of more stocks and bonds," says Gray, "until a plan for such a change was proposed. Edgerton, however, explained that it was not planned to issue more securities than the actual value of the plant represents, or about \$22,000,000.

In the general discussion the water officials asserted that \$2,000,000 must be expended for such necessary improvements, especially the renewal of old main and the building of extensions. It was said that this was not planned to increase the rates to compensate for this large outlay. Edgerton contended that the rates are now too low. The attorneys did not agree.

As for the surcharge now imposed on all water bills, the attorneys urged action in getting the case decided by the railroad commission, a body the company agreed that it will be brought up within a month.

Certain areas of the German capital are banned to the general public and a strict watch is kept by armed cordons drawn around possible danger zones.

WARNING ISSUED BY PRESIDENT EBERT. BERLIN, Aug. 30.—(By the Associated Press.)—Germany was today under restrictions closely approaching martial law as a result of the decree issued late yesterday by President Ebert.

Majority and Independent Socialists have made formal demand upon Ebert that he should take measures to suppress anti-republican activities. The government, and organized labor has informed the chancellery that it is prepared to carry out the decree.

President Ebert, in his decree prohibiting meetings, processions, demonstrations and the publication of periodicals and pamphlets likely to encourage seditious movements, said:

"In a time when the nation's vitality should be devoted to repairing the moral, social and economic damage inflicted by war, unbridled agitation is openly attempting to undermine the political and constitutional foundations on which the new German republic is to be based."

The tenor of the press which is furthering these malicious endeavors daily is becoming more plain spoken and reveals a fixed plan by unscrupulous elements, who are doing the bidding of the government, to undermine the political and constitutional foundations on which the new German republic is to be based.

LEADERSHIP TO TRIBUNE.
LONG BEACH, Calif., Aug. 30.—I. M. Bradley, wealthy oil operator, has disappeared, his company is to be liquidated and, Albert E. Pickard is in the city jail today, following an alleged sensational blackmailing episode involving the two and Pickard's pretty wife, Leona.

Pickard is charged with demanding \$100,000 blackmail of Bradley, alleging that Bradley had "purchased with tainted money" the affections of Pickard's wife.

Immediately after Pickard's arrest, Bradley disappeared. J. D. Hawkes, the latter's secretary, issued the following statement:

"I know Bradley's whereabouts, but I will never reveal them. He simply wanted to get his wife and daughter out of the spotlight of all this publicity. His company will be liquidated immediately. Long Beach has lost a reputable citizen and a successful oil operator."

BRADLEY ACCUSED BY PICKARD.
Pickard's story of the affair is that it was Bradley and not he who suggested the \$100,000 "heart balm" and that Bradley tricked him into arrest.

"I followed Bradley with his diamonds and yellow money from the Texas oil fields," Pickard said. "I learned only two weeks ago how he had invaded my home; how for over a year my wife had been dazed by his rotten wealth."

"I was crushed with rage. I came to Long Beach and confronted him in his new offices here. As soon as he recognized me, he began to talk about a settlement. He suggested that we go over to the bank and 'get some money'."

DECIDED TO TAKE THE MONEY, HE SAID.
"I thought of my 12-year-old boy in Texas and his mother's disgrace. So I decided to take the money, get my son and go off somewhere and try to forget it all."

"Bradley and I went over to the California National Bank. I was arrested there. It had all been framed up, so that I would be jailed while he made a getaway."

Bradley is said to have made a fortune in the Fort Worth, Tex., oil fields. It was there and at Humble, Tex., that he is said to have known Mrs. Pickard.

Wounded Bank Bandit Implicates 7 Others
BY ASSOCIATED PRESS
LEADERSHIP TO TRIBUNE.
LOS ANGELES, Aug. 30.—Manuel McKnight, shot yesterday while trying to escape arrest, and who later confessed having taken part in the robbery of the Huntington Park branch of the Los Angeles Trust & Savings Bank, was still alive early today, but it was said at the county hospital he had little chance for recovery. He was shot in the back of the neck by Policeman Trautwein of this city, who was searching for him in connection with an alleged forged check.

McKnight's confession was declared by sheriff's deputies to implicate four men under arrest here, and three others still at large. Deputy A. L. Manning left for San Diego early today to follow up a clue to the whereabouts of the latter furnished by McKnight. The latter said the missing men were probably at Tijuana, Mexico.

Paraguay Agents Buying Arms For Impending Revolt
(By International News Service)
BUENOS AIRES, Aug. 30.—A revolutionary movement is gaining ground in Paraguay, authentic reports from that republic showed today. Paraguayan agents are here for the purchase of arms and ammunition. The widespread discontent in Paraguay is due partly to the disintegration of the American International Products Company, involving, as it does, the collapse of Paraguayan enterprises, with an aggregate capital of \$20,000,000, and partly to the vast concessions which this government has granted Canadian colonizers and which are regarded as threatening Paraguay's national stability.

Hope For Ship Abandoned; 40 Men Aboard
Broken Spars Found Where Canadian Importer Was Last Seen.

SAN FRANCISCO, Aug. 30.—Driftwood and broken spars are all that mark the spot where the freight vessel Canadian importer was last seen, according to reports today to the Marine Exchange from vessels that went to her rescue. Forty lives are believed to have been lost when the ship sank 300 miles west of Eureka.

The Canadian Importer was discovered drifting helplessly last Thursday by the steamship Cordova. Captain Blisset of the disabled ship refused the tow offered by the Cordova, believing his ship was "good for a week."

One boatload of the crew, including the second and third officers and nine seamen, put out in an open boat in an effort to reach the coast after the vessel became disabled on August 19. No trace of them has been found.

ers found, Magistrate Mitchell and four others eating dinner with two machine guns, several rifles and pistols and a large supply of ammunition alongside them. The men told Porter, he added, that Magistrate Mitchell and three of his companions were shackled with their own handcuffs by the men who discovered them and are now held prisoners, being smuggled from place to place to prevent their release by deputies.

HARDING REFUSES TO CALL CONFERENCE.
BY UNITED PRESS
LEADERSHIP TO TRIBUNE.
WASHINGTON, Aug. 30.—President Harding today refused to grant the request of John L. Lewis, president of the United Mine Workers of America that a conference of the mine workers and the operators in the West Virginia fields be called in the hope of ending trouble there.

In a telegram to Lewis, the President is said to have expressed the opinion that the suggested conference would only duplicate the work of the special Senate committee, which expects to start a first-hand investigation of the West Virginia coal field troubles on September 19.

The President's decision was announced after a conference with Secretary of War Weeks, Senator Sutherland and West Virginia delegation.

Action by the President on the threatened renewal of hostilities in the West Virginia mine war area was expected today.

More bloodshed will bring federal intervention, it was believed here today.

Disabled Portland Veteran Kills Self
PORTLAND, Ore., Aug. 30.—William F. Bent, 55, president of the Portland branch of the Disabled Veterans' Association and a special city patrolman, shot and killed himself last night. Shattered nerves, due to shell shock and many wounds received during service with the Canadians, were believed by relatives to have been the cause.

Officials To Be At Date Festival
INDIO, Cal., Aug. 30.—Twenty or more officials and experts of the United States Department of Agriculture will attend the Coachella Fruit Festival of Dates here, October 21-23, according to information received by festival officials.

The department is said to be especially interested in the festival, and plan to send here for exhibition several carloads of material gathered in the date-growing sections of the world.

Hungary Makes First Tax Levy On Capital
BUDAPEST, Aug. 30.—Hungary's first reports from levy on capital produced 1,857,000,000 crowns, Minister of Finance Hageduc told the National Assembly today. He said the money would be used to reduce maturing bonds and pay interest.

Unless the exchange on Hungary's depreciated currency can be improved through friendly action by Allied countries, he said not much could be done to put the country on a sound basis or make up the present 6,000,000,000 crowns deficit.

DR. ALLEN, SCIENTIST, DIES
NEW YORK, Aug. 30.—Dr. J. A. Allen, 83, dean of the scientific staff of the American Museum of Natural History, died yesterday at his summer home in Cornwall-on-Hudson. He was a curator of the museum for thirty-six years and a prominent American scientist. He went to Brazil in 1895 with the Agassiz expedition and did scientific work for the government before going to the museum in 1896.

DIVER MEETS DEATH.

NEW YORK, Aug. 30.—Vincent de Gestano, a diver, met death yesterday on the bottom of the Harlem river, when he became entangled in both his lines and was slowly asphyxiated as he struggled to free himself. With two other divers he was engaged in laying an electric cable in a concrete bed.

JOBS ARE SHIFTED FOR EMPLOYEES IN SCHOOL DIVISION

Campbell Is For Discharging, But Hunter's Compromise Plan Prevails.

Quoted from their positions in the school attendance department, because of reorganization, C. N. Shane and others, represented by Attorney Walter J. Purpue, secured from the board of education last night assurances of continued employment in other departments, instead of being thrown out of employment after years of service.

In return for this, Shane voluntarily allowed his contract to be changed to conform to his new employment, as did the others. The action of the board establishes a precedent, which will affect the whole program of economy and the whole personnel of the department. It means, as explained by attorneys, that the contracts of teachers are valid and they cannot be cast out.

HUNTER SUGGESTS PLAN.

The question was brought up by Superintendent of Schools Fred M. Hunter, into whose hands was placed the job of cutting down the attendance department costs to \$10,200 per annum, or \$8500 for the months yet remaining in the fiscal year. Hunter engineered a plan, whereby the present attendance heads are transferred to other jobs while their contracts are recognized.

"What's the idea of this board not being able to do away with officials," asked Director Fred Campbell. "Are we supposed to keep these officers when we do not want them?"

"I am not your legal adviser," said Attorney Purpue, "but these people have contracts. Superintendent Hunter takes care of them in other departments and we are willing; but naturally these educators do not want to be thrown summarily into the street. I do not believe you want it, either."

"Certainly I want it," said Campbell.

PEACE TALK MADE.

"I am trying to adjust this amicably," said Hunter. "Otherwise this board is subject to lawsuits from each one of these people. If you want lawsuits, all right. If you wish to proceed, because someone has feeling in this matter, and it gets turned down, you can suit yourself. I am only trying to get things to go smoothly."

"We can fight the lawsuits," said Campbell. "I would not accept your plan for a minute."

"The citizens of Oakland," said Director Short, "are strong for economy, but they are not going to stand behind contract-breaking. Superintendent Hunter, after his plan was decided upon, made following announcements as to changes to fit into the \$10,200 program: Attendance officers to be transferred."

C. N. Shane to opportunity department, Fremont high school. Will be principal of Webster school when it is completed.

W. A. Hanstrom to special room, Garfield school, wireless and vocational instruction.

CHANGES ANNOUNCED.

Catherine Klockenbaum to physical education department.

Stuart Wilson to part time school. The following will be the new assistants in the attendance department, the chief to be named later: Assistant supervisor, W. A. Coffman and Mrs. Harriet Hawes. Census file clerk, Mrs. E. E. Cox, clerk, not appointed.

The foregoing is subject to the legal approval of the district attorney.

Concerning its recent request that the supervisors be asked to pay the interest on the \$1,000,000 and more of school bonds, as yet undisposed of, the board of education received from County Auditor E. F. Garrison a statement that this will raise the county tax rate 9 or 10 cents. Inasmuch as it is admitted that the county has a hard tax problem this year, it was decided to meet this obligation some other way. It was decided to withdraw the request that the county pay interest, except on certain specified bonds.

BARZEE'S AUTO BOBS UP.

Director Fred Campbell again brought up his objection against paying Business Manager Barzee \$50 per month for upkeep of his auto. Campbell said he would "hold up payment of this money every time," and Campbell is chairman of the finance committee. Barzee said that this is part of his contract and not up to Campbell's discretion.

A. C. Hibbard, in charge of the board's insurance affairs, said he was planning a survey of the schools' insurance requirements, which will consume about four months.

Protests against curtailing night school classes in their districts were made to the board by the Clawson Parent-Teachers' Association and by the neighbors of Allendale school, the latter demand that sewing and millinery classes continue. The protests were referred to committee.

Another protest, asking that Americanization classes be not curtailed, was made by Mrs. F. L. Volmer of the Oakland Federation of Mothers' Clubs, and filed.

Rush Problem Up at Meeting Of Frat Men

BERKELEY, Aug. 30.—Meeting secretly at a fraternity house, representatives from many of the secret organizations at the university last night sought a solution of the "rushing" problem.

Nine years ago a "gentleman's agreement" was formed to govern the rushing season, but only one fraternity, Alpha Delta Phi, has annually announced its intention of observing the rules of this agreement.

This year, many students being rushed, report that they were kept prisoners by the fraternity men and were not allowed to accept invitations from other organizations. Professional entertainers were employed by many of the societies to aid in impressing the new students with the advantages of joining their order.

The Daily Californian editorially criticized the methods employed by the Greek letter societies, with the result that last night's meeting was called by alumni members of the fraternities. It was decided last night that set rules governing the activities of rushing season should be avoided, but that a new agreement should be entered into by which the societies would come to an understanding of the things permissible in rushing. The university faculty favors the "gentleman's agreement" plan rather than the formulation of set rules and penalties.

Ancient Greeks and Egyptians regarded the ivy as a sacred plant.

ACID-THROWING PISTOL IS BANK BANDIT'S WEAPON

Robbery Frustrated When Officials Refuse To Hold Up Hands.

LOS ANGELES, Aug. 30.—A lone bandit, armed with an acid-throwing pistol and wearing a blue handkerchief mask, was captured today after he had attempted to rob the Bank of San Gabriel. Refusal of President William R. Fee and Cashier Frank Forney to comply with the bandit's command to hold up their hands frustrated the robbery.

Husband Used Fists On Her, Says Wife

When Mrs. Reita L. Roberts invited friends and relatives to the house to celebrate the anniversary of their wedding, T. J. Roberts came home intoxicated and drove them away with threats to kill them and to kill her. Mrs. Roberts charges in a complaint for divorce filed this morning, Mrs. Roberts also charges Roberts with other acts of cruelty, including a habit of knocking her down with his fist. They were married on May 27, 1907, and separated on June 11, 1920. There are no children.

CUTTER BEAR ENDS ITS TRIP TO FAR NORTH

NOME, Alaska, Aug. 30.—The United States revenue cutter Bear has returned to Nome after a voyage which took the boat to Demarcation bay, where magnetic observations were made by a member of the United States coast survey. This was the first time since 1853 that a government ship had reached Demarcation point, which marks the northern end of the Alaska-Canada border line.

The cutter left Nome July 23 with Captain Cockran in command, and arrived at Point Barrow August 6. It arrived at Demarcation bay August 13. The season was an open one, the voyagers reported on their return here, and signs of unusual prosperity among the Eskimos were noted.

AMUNDSEN SHIP REACHES NOME FROM SIBERIA

PORT TOWNSEND, Wash., Aug. 30.—Captain Roald Amundsen's ship, the Maud, arrived here this morning under full 24 days out of Dutch Harbor. She will go on to Seattle to be repaired to resume her Arctic explorations. The crew is composed of six Siberian Eskimos, commanded by Captain O. Wisting, Norwegian. The Maud lost a propeller off the Siberian Coast last winter and was recently towed to Nome. Captain Amundsen reached Seattle several weeks ago.

FOREST FIRE SWEEPS EAST.

SYDNEY, N. S., Aug. 30.—A forest fire, with a two-mile front, was sweeping its way today from Corkeath, three miles away.

Son of Ex-Governor Is Divorced At Reno

RENO, Nev., Aug. 30.—Benjamin S. Foss, son of the former governor of Massachusetts, was divorced yesterday by Dorothy C. Foss, in a brief proceeding on the ground of cruelty. The decree gave the husband the custody of their four children. A property settlement has been effected out of court.

Incompatibility marked the domestic life of the principals and the defendant was unyielding in her demand that her husband should support her in her church work and music, the complaint alleged.

Mrs. Foss alleged that when her father died in San Francisco on May 13, 1918, her husband objected to her making the trip from Boston to attend the funeral.

France Will Allow Liquor To Be Imported

PARIS, Aug. 30.—The French government has been compelled to permit the importation into France of a limited amount of whiskey and gin so as to satisfy the demands of the tourists here from foreign countries. Such imports had been prohibited since the war, and, as a result, the prices of cocktails and highballs soared in proportion as the supply of gin and whiskey diminished.

Foreigners residing here have made desperate efforts to obtain good whiskeys from England and Scotland and have been compelled to pay extremely high prices for it.

"FOCH? WHO IS HE, WHAT DID HE DO?" SUCH IS FAME

PARIS, Aug. 3.—Those isolated persons who were reported several years ago not to have known there was a war in progress have been outdone.

When Marshal Foch went to Rome recently to lay one of the many corner stones he has put in place, he passed a group of old women.

"Look," said one. "There goes Marshal Foch."

"Well," said another, "who is he and what has he done?"

NAME MEMORY IS BUSINESS ASSET, KIWANISANS TOLD

Speaker At Luncheon Tells Members of Club How To Remember

"A businessman can make a great impression by remembering the names of the men with whom he comes in contact," William R. Buckner, a San Francisco businessman and memory expert, told members of the Oakland Kiwanis Club at their luncheon yesterday at the Hotel Oakland.

Buckner, who was the principal speaker, spoke on Memory Development and its Application to Every Day Problems of the Business Man.

"The surest system for remembering names, according to the speaker, is to listen intently and make them mean something; to connect them with something that will not easily be forgotten. This can be done with some, he said, and it is more difficult to do with others. Buckner declared that many names could be coupled with colors, occupations, places and incidents.

"The thing that makes the greatest impression," Buckner said, "is the least likely to be forgotten. So when you see or hear something you want to keep in your mind, let it make a great impression. There is no one who can excite more admiration than the man who, after meeting you once, can later, perhaps as far as five years, call you by your name."

"Some persons are born with an extraordinary good memory, and others are born with a very poor one. I claim, however, that a memory can be cultivated and obtained by self application. To do this, for instance when you are being introduced to some one and wish to remember their name, pay strict attention, banish everything except the man's name from your thoughts while you are being introduced and make sure you get his name correct. If you don't understand it, don't hesitate about asking a second or even a third time, or have him spell it. No man objects to spelling his name. Instead it pleases him to have you take such an interest in it. Then after you have it, connect it with something so that it will not easily be forgotten. Don't try to remember it by the sound or pronunciation, but by the letters. Look at it in your mind and see it, rather than hear it."

Sacramento Speed Fine Is Now \$50

SACRAMENTO, Aug. 30.—The cost of speeding in Sacramento jumped from \$35 to \$50 yesterday by order of Police Judge O. W. Anderson.

Suspended licenses and jail sentences may accompany the fines, Judge Anderson also warned.

"Apparently the average speeder has no regard for life or limb," Judge Anderson declared, "and unless something is found to stop this practice I am going to fill up a row of cells at the county jail with ambitious motorists."

The edict was pronounced as the result of a score of accidents here in the past week due to reckless driving.

Bulgaria Permits Free Grain Trade

SOPIA, Aug. 30.—Freedom of trade in grain has been granted by the government, as the result of pressure by the reparations commission.

In return, the allied military committee has released a large number of Bulgarian prisoners of war, a respectable army under the treaty requirement for 12-year enlistments, by agreeing to permit a certain number of two-year volunteers to be recruited.

A title which has been borne by a member of the royal family may not be adopted by anyone of less rank.

CONVINCING PROOF

That Lydia E. Pinkham's Vegetable Compound Has Extraordinary Curative Power in Cases of Woman's Ailments

Columbus, O.—"I suffered very much pain during my periods and felt weak and all run down. I tried many remedies and the doctor said I would have to have an operation. Then before my baby was born I had terrible pains in my sides. I took Lydia E. Pinkham's Vegetable Compound and it helped me wonderfully. I have had two children since I began taking your medicine and did all of my own work including washing. You may use this letter as a testimonial if you wish."

—Mrs. THOMAS L. CHERRY, 704 West Mount St., Columbus, Ohio.

Such a condition as Mrs. Cherry was in points directly to the derangement of a woman's system, and by following her example taking Lydia E. Pinkham's Vegetable Compound, women may be relieved from such ailments and be restored to normal health and strength just as she was.

If there is anything in your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

U. S. Paroles Twenty Prisoners in Day
SPRINGFIELD, Mo., Aug. 30.—One of the largest consignments of prisoners ever released on parole at one time from the Federal penitentiary here will leave the institution within a few days. It was announced last night by Warden M. Biddle. The announcement followed receipt of a telegram from St. H. Votaw, superintendent of prisons, who informed the warden of approval of twenty-nine paroles. The prisoners will be released immediately upon the arrival of the proper papers.

Albert Mansfield, chief clerk in the warden's office, also is included in the list. Mansfield, who was an active Y. M. C. A. worker, serving in Europe during the world war, was serving a term of five years. He was convicted on a charge of embezzlement.

N. J. Whelan, of Eau Claire, Wis., who arrived in Oakland yesterday, is one of the directors of the Coast Tire and Rubber Company and a personal friend of its president, Holmes Ives. Whelan was at one time the speaker in the Michigan House of Representatives and is still the publisher of two newspapers in that state. In addition to his political and newspaper activities, he is connected with various business enterprises, including a directorship in the Gillett Tire and Rubber Company, Wisconsin.

On account of his various interests, particularly in the tire business, Whelan has been approached by the Lions Club, and has consented to talk for them and the various other clubs who will be present at the luncheon to be given to the

Coast Tire and Rubber Company tomorrow, on the roof of their new factory, Fifth and East Twelfth streets.

COMPLETE LUNCHEON PLANS. The plans for the luncheon are completed. The clubs will meet in front of the city hall, where Mayor Davis and the City Council will join with the business men and proceed to the plant. After lunch there will be a program and music, and the whole company will then be escorted through the factory and given a chance to see how Coast tires and tubes are manufactured. This is a most interesting and instructive operation, and many new features have been introduced in this factory, some of which are original with the plant. Most of the massive machinery, all of which will be in operation, was built specially for the plant.

TO FIGHT OVERLOADED TRUCKS. SAN JOSE, Aug. 30.—In what has been termed a desperate attempt to save the county roads from destruction, due to the overloading of heavy trucks, the Board of Supervisors of Santa Clara county, at its regular meeting yesterday, advertised for "load meters," which will be used by traffic officers in measuring the weights of the loads carried by the huge motor trucks. A concerted effort will be made to abolish the practice of overloading trucks, which has become a positive menace to the county highways.

Complaints have been received by the Supervisors by the score against the overloading practice, and hereafter an accurate accounting and check of the loads of the large trucks will be kept and all parties responsible for road destruction through this source will be prosecuted to the fullest of the law's extent. Load meters, said to be quite simple in design, have been used with excellent results by the traffic squads of Southern California counties.

A second vitally important matter to the upkeep of roads in Santa Clara county was the official purchase by the Supervisors yesterday of the Stanfield Knowles quarry at

Millions Paid On Auto Death Claims
BY ASSOCIATED PRESS
NEW YORK, Aug. 30.—An estimate that \$4,500,000 was paid by life insurance companies in death claims from automobile fatalities during 1920 is published today by the Insurance Press. Statistics are quoted to show that during the year the automobile caused 12,000 fatalities and 1,500,000 non-fatal injuries.

GREAT WESTERN POWER

Preferred Stock

PAYS 7 1/2%

Our Interest Bearing Savings Plan makes this investment especially advantageous on partial payments

In any investment, safety should be the first consideration.

The best possible income from your money comes next.

Great Western Power Preferred Stock, yielding 7 1/2% on the investment combines safety and good income, supported by exceptionally valuable properties. The Great Western Power Company of California has always been a money-making concern.

California's Greatest Power Area

The largest single hydro-electric development possible in this State is owned and operated by the Great Western Power Company of California.

Lake Almanor, regulating the Company's hydro-electric generating system and located at the head of the Feather River and impounding 300,000 acre feet of water is the largest artificial power reservoir in the world.

Great Western Power Development

Great Western Power Company's Big Bend power house, on the Feather River, built thirteen years ago is still the largest hydro-electric power house on the Pacific Coast, generating 87,000 horsepower. The Company's Caribou power plant now in operation, increases its developed hydro-electric capacity to 151,000 horsepower. Steel and reinforced concrete used in Great Western Power construction reduce upkeep and depreciation charges to a minimum.

As For The Future

Along the Feather River, the Great Western Power Company owns additional power-house sites located to use a continuous flow through 4,300 feet of fall. Its ultimate potential hydro-electric development is 792,600 horsepower. Because the water rights of the company

are unexcelled in America for quantity, availability, and low cost of development in a given area, Great Western Power Company has profitably developed power to care for an increase of 136 per cent in its connected load since 1912. The Company is now continuing development of its sites to meet the needs of domestic, commercial, mining and agricultural consumers.

Larger Net Earnings

Net income of the Great Western Power Company has increased 194% since 1912. This notable growth will be augmented this year by the utilization of new, revenue producing properties representing an investment of approximately \$16,000,000. Great Western Power Dividends, paid from net earnings, are distributed quarterly on the first day of January, April, July and October.

"From Perpetual Power"

Great Western Power Company of California Preferred Stock, yielding 7 1/2 per cent, is sold direct to the public on advantageous terms of payment, including a special Savings Plan by which every payment draws interest from the day it is made. If your savings or other capital now pays less than 7 1/2 per cent you should investigate this security.

"Crispy and crunchy all-the-time-crunchy! Gee, what would happen if Kellogg's got all eaten up before tomorrow!"

You certainly realize the difference in Corn Flakes when you eat Kellogg's

From the instant you open the generous sized package till they're tucked away in great and tiny "bread-baskets," Kellogg's Corn Flakes are a never-ending delight! You can't even look at those big, sunny brown flakes, all joyously flavored, crisp and crunchy, without getting mighty hungry!

Such a spread for big and little boys and girls—the sweetheart-of fine white corn kernels wondrously flavored and deliciously toasted in Kellogg's own way! You can't imagine anything more joyous to eat, or more ideal for very, very fussy appetites!

Kellogg's Corn Flakes are childhood's ideal food! Kiddies can eat as much as they can carry! Every mouthful makes for health, for sleepy-time-stomachs!

The thing to do is insist upon KELLOGG'S Corn Flakes. Don't just ask for corn flakes. You say KELLOGG'S and you'll get KELLOGG'S!

BORAH ARGUES FOR PUBLICITY ON ARMS LIMITATION

Senator Tells Women Voters His Opposition to Secrecy At Conference.

ASBURY PARK, N. J., Aug. 30.—Senator Wm. E. Borah of Idaho made a vigorous plea here last night for full publicity at the coming world conference in Washington on limitation of armaments. He scored the old world system of "secret agreements," secretly arrived at, and urged an order of procedure in international intercourse that would be productive of confidence rather than distrust.

Senator Borah delivered his address before the Women Voters League of New Jersey. He said: "In seeking the causes of the war, too much consideration is given to the idea that it was deliberately planned and stage of Great Britain and too little consideration to the fact that it was simply the legitimate result of a wretched system and sinister policies of which all the nations were the victims."

"It is now nearly three years since the war closed and we are back to the old system. The allied and associated powers, the victors, are now looking around and saying: 'The people are being taxed in all these countries for vast armies and huge navies. Secret conferences and closed doors are again justified. And already the system is bearing fruit.' France and England have traveled far apart in the last three years, how far one hardly dares estimate—yet dares to contemplate. Who can stop this trend of affairs? Nobody can stop it but you—the people, the people of this country, the people of Great Britain, the people of Japan, the people as distinct from the governments."

"Give us a little more democracy in foreign affairs. It can be no worse than what we have had and I believe it will be infinitely better."

"Many things done in secrecy will never be done in the open. Let the sunlight of publicity beat in upon the dark and secret places. Let us know what's going on before it has been concluded, in order that public opinion may have its molding and directing effect. Above all, let responsibility be fixed and then let public opinion lash from power those who betray the great cause."

Ku Klux Klan Probed On Monarchy Charge

CHICAGO, Aug. 30.—The motive of the Ku Klux Klan was being sought here today in a Federal investigation of the organization instituted by John V. Clininn, assistant United States district attorney. He asserted that he would investigate allegations that the Klan is an "absolutist monarchy" opposed to public policy that collects \$10 yearly from each member with apparently no accounting, that charges \$5.00 for regalia costing less than \$2, thus being a corporation operating for profit, and that numerous lawless acts have been ascribed to persons acting under the guise of the Klan. "I have received complaints not only locally but from many parts of the country for many days about the Klan," Colonel Clininn said. "I am going to investigate the whole order."

STRIKE THREATENED. VALPARAISO, Chile, Aug. 30.—The medical group of maritime laborers, recently excluded from membership in the trades association, is asking the Chilean government to obtain readmission into that organization. In case these workers are not readmitted under conditions existing before the lockout, it has been decided to declare a general strike in all Chilean ports, it was said.

WAGE CUT ACCEPTED.
ST. JOHNS, N. F., Aug. 30.—Fifty hundred longshoremen and wharf laborers here yesterday accepted a wage scale based on their wages for 1919 for the balance of this year. The men have three times threatened to strike because of attempted wage reduction. The agreement represents a compromise.

COLLAR IMPAIRS THOUGHT.
LONDON, Aug. 30.—The suggestion by a noted scientist that men abolish the starched collar has met with popular indorsement from many sources. According to the scientists, collars press on the veins and neck muscles, causing the head to overheat and impairing one's thinking capacity.

Use it on your own stove. You then will realize why so many women prefer "Wear-Ever" kitchen utensils for every kind of cooking. You also will KNOW from your own experience that "Wear-Ever" insures better flavored foods and that it effects a material SAVING in the amount of fuel consumed in preparing meals.

"Wear-Ever" utensils keep food flavor IN and fuel cost DOWN

"Wear-Ever" aluminum cooking utensils have two great advantages. They heat EVENLY all over and once heated they maintain a cooking temperature over a REDUCED flame. Hence, "Wear-Ever" utensils require LESS FUEL and cook the food with greater uniformity and better flavor. For best results with "Wear-Ever" equipment:

1—Place utensil over heat—until food is thoroughly heated. 2—Then REDUCE heat about ONE-HALF.

For a limited time only, "Wear-Ever" stores will accept 39c in full payment for one quart "Wear-Ever" Stew Pan—regular price \$1.15. Get one of these pans TODAY and KNOW why it pays to

Americans Talk Oil With Mexico Heads
BY ASSOCIATED PRESS
LEASING WIRE TO TRIBUNE.
MEXICO CITY, Aug. 30.—Government officials and the executive heads of American oil companies who conferred yesterday relative to petroleum problems are reserved as to the subjects discussed. It is understood the oil executives brought a personal letter from President Harding to President Obregon, but declaration is made that it was merely a letter of introduction and was not official.

The Americans met Adolfo de La Huerta, secretary of the treasury, again this morning and were later to be presented to President Obregon, who was understood to have invited his entire cabinet to meet the oilmen.

SCHOOLS TO CLOSE FOR LABOR DAY

The problem of dyeing a taffeta dress furnished material for one of the queries that came in to the information department of The TRIBUNE recently. Here is the query, which was sent in by an Oakland woman:

"Kindly tell me through the columns of your paper, as to whether a taffeta dress dyed by an expert dyer will crack in the process, or if dyeing it will shorten the life of the dress?"

It all depends upon the quality of the silk.

Concerning Labor Day, someone sends in the following question:

"Will the schools of Oakland close on Monday, September 5 (Labor Day)?"

The public schools of Oakland will close all day on Labor Day.

"How many children has Mrs. Nicholas Longworth?"

Mrs. Longworth has no children.

The TRIBUNE'S Information Bureau will answer all questions of a general nature except school or legal problems, debates, trade and firm names and queries as to the time of day.

The bureau is open every day except Sunday, from 8 a. m. to 9 p. m.

If answers are desired by mail, stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve, ask The TRIBUNE Information Bureau, Lakeside 6000.

Two Arrested For Erzberger Killing

BY ASSOCIATED PRESS
LEASING WIRE TO TRIBUNE.
BERLIN, Aug. 30.—Two persons suspected of complicity in the assassination last week of Matthias Erzberger, former vice-chancellor, were arrested yesterday. The police also is looking for Ollawig von Hirschfeld, who some time ago tried to murder Herr Erzberger and was sent to prison.

Hirschfeld was released recently on reasons of health. His parents disclaim all knowledge of his whereabouts. They have been brought to Berlin for further interrogation by the police.

Harding Reduces Cabinet Meetings

BY INTERNATIONAL NEWS SERVICE
LEASING WIRE TO TRIBUNE.
WASHINGTON, Aug. 30.—President Harding will not meet with his cabinet today and tomorrow, it was announced at the White House. It was explained that during the recess of Congress the President plans to eliminate as many of the regular cabinet meetings as possible, as many of the cabinet officers are taking their vacations.

TWO DELIVERIES DAILY

Journalism Pupils To Publish Papers

LOS ANGELES, Aug. 30.—When the University of Southern California resumes its classes this month, students of journalism again will have opportunity to get out regular editions of daily newspapers and other publications in and near Los Angeles, according to the plans of Mario N. Goodnow, head of the department of journalism.

Last year the students did all the work incident to publishing some fifteen daily papers in Southern California, taking charge in each instance for one day. Papers were published at San Bernardino, Riverside, Santa Ana, Ventura and numerous other cities. Each time the regular editorial and business forces moved out, and the students moved in, for the day of publication.

Rodeo Is Planned For Admission Day

SAN FRANCISCO, Aug. 30.—A rodeo and roundup, at which every part of the Native Sons of the Golden West in northern California has been asked to assist, will be held in San Francisco September 9, 10 and 11, as part of the celebration of the admission of California to the Union seventy-one years ago. The proceeds will be applied to the Native Sons' Athletic Club building fund.

MENTAL TESTS TO BEGIN.
Virgil E. Dickson, director of the bureau of research and guidance in Oakland public schools, will start a course in mental testing at the Oakland high school, Thursday, at 7:30 p. m. The course will consist of fifteen one-hour lessons.

TWELVE CHINESE WITH PORKERS SAVED FROM SEA

SAN FRANCISCO, Aug. 30.—"Figs is pigs" despite geographical location, but as a recipient of personal affection, the Chinese pigs seems to figure more importantly at the hands of his Chinese master than does the Occidental porker from the point of view of its American owner. "Save me, save my pig," nearly resulted in the loss of twelve Chinese men and a dozen Chinese porkers who were being tossed about in a typhoon off the China coast, according to passengers aboard the steamship Nite, which arrived in this port from the Orient today.

The Nite was riding a heavy gale a few miles out from Amoy on the way from Hongkong to Shanghai when on August 8, when she sighted a waterlogged sampan rolling and pitching about with twelve bedraggled Chinese aboard. Captain Kinney maneuvered his vessel into position and threw lines to the Chinese. Each Chinese fastened a line about his waist and six of the number were dragged aboard. But each of the other six held a squealing porker under each arm and refused to be rescued if the pigs could not be rescued also. The pigs could not be rescued and were dragged aboard. The sampan was smashed against the side of the ship and the twelve Chinese were pulled up like "bobbers" at the end of so many fish lines. They voiced no expression of gratitude, however, calling down a spectacular array of oriental curses upon the heads of the captain and the crew for allowing two of the pigs to perish. The passengers raised \$162 and it seemed to fill in a measure the aching void occasioned by the demise of the ill-fated porkers.

Features Planned For Flower Show

LOS ANGELES, Aug. 30.—Distinctive features have been planned for the California Flower Show and Horticultural Exhibition to be held in Exposition park, Los Angeles, October 20-26. One is the holding of the eleventh annual convention of the California Association of Nurserymen, which is expected to attract nurserymen, florists and horticulturists from all parts of the state.

Another feature will be a sunken garden of seven acres, on the construction of which a number of nurserymen have been co-operating. It has been planned with flowers which will be in full bloom at the time of the show. Flowers from all sections of California will be shown, as well as ornamental and economic plants, nurserymen's supplies and commercial exhibits.

The Pasadena Horticultural Society will hold its annual exhibit in connection with the California flower show.

Thieves Get \$224,000 From Safety Boxes

CHICAGO, Aug. 30.—Robbers who last night looted nineteen deposit boxes in a deposit company's vaults in the Masonic Temple obtained \$224,000, it was announced today. The loss is covered by insurance.

Four bandits bound the outer and inner guards of the vault, which remain open twenty-four hours a day, and proceeded to work by a list, which apparently carried the numbers of selected boxes, leading police to believe the robbery an "inside job." The two guards are being detained.

Cafe Fire Threatens Big Pier At Venice

VENICE, Cal., Aug. 30.—Fire of mysterious origin that started in the rear of the Bagdad cafe, threatened the half-million-dollar Sunset pier with destruction for a time today. A furious battle by firemen confined the flames largely to the cafe, which was damaged to the extent of \$20,000.

WIFE CHARGES HUSBAND RAN NOCTURNAL RACE

SAN FRANCISCO, Aug. 30.—Divorce proceedings have been instituted by Mrs. Wilda Peck, a nurse, of 1109 Page street, against Everett Peck of Madison, formerly a lieutenant in the army, thereby bringing to light another broken wartime romance. Cruelly charged, on one occasion, she alleged he threatened her life. At other times he would wake her at night and have her time him with a watch while he ran a marathon race around the bed.

Promise To Wed May Prevent Deportation

SAN FRANCISCO, Aug. 30.—Miss Trixaghi Stefavopoulos may not be transported back to Greece, it being announced yesterday that George Zenophon, of Akron, O., might be willing to marry her, thus complying with the immigration restrictions. Miss Stefavopoulos has been held at Ellis Island since her arrival in America. It was found on her arrival that the quota of Greek immigrants for the month was full, and she could not come into the country except as the promised bride of an American. This American, it is believed, has been found in the person of Zenophon. The young woman has a brother living in San Francisco.

Public Safety To Be Meeting Topic

SAN FRANCISCO, Aug. 30.—A public meeting to discuss the establishment of a permanent association for the consideration of problems of public safety will be held tonight at 8 o'clock in the assembly rooms of the Commercial Club, Merchants' Exchange building. The meeting will be under the auspices of the California Society of Safety Engineers, whose president, W. A. Chown, has received promises of co-operation from the California State Automobile Association, Chamber of Commerce, and a large number of civic officers and businessmen.

"Home, Sweet Home" Bootleggers' Shield

SAN FRANCISCO, Aug. 30.—"Home, Sweet Home," has taken on new significance for alleged bootleggers, according to the prohibition agents here. Prohibition Director E. P. Mitchell declares that every man's home being his castle, which cannot be searched without a warrant, many of the proprietors of soft and other drink establishments tack a label reading "Home" in their back rooms and furnish them with a chair, a table, a bed or a bureau.

Girls Will Conduct Theater On Wheels

SAN FRANCISCO, Aug. 30.—The "Vagabond Marionettes," managed by Miss Vera Pilat and Miss Helen Peabody, will start soon on its auto tour of the Pacific Coast. The girls made the dolls, built the miniature theater and will divide the speaking roles between them. The first performance will be given September 10 at the St. Francis hotel.

Investigator Sues After City Probe

SAN FRANCISCO, Aug. 30.—Pay for "personal services" in the amount of \$2,438 is demanded by William J. Otis, special investigator, in a suit filed against Marshall Harris, Western States Life Insurance Company. The services are said to have been rendered in connection with the investigation of charges of malfeasance on the part of certain officials in the board of works, police department and tax collector's office.

Love Letters Win Divorce For Wife

SAN FRANCISCO, Aug. 30.—Mrs. Ruth M. Jordan has been granted a divorce from Archie P. Jordan in Superior Judge Fitzpatrick's court. Love letters said to have been written by another woman to Jordan were introduced in evidence.

Germans Threaten U. S. Film Maker

BERLIN, Aug. 30.—Carl Laemmle, president of the Universal Film Service of New York, appealed for protection to American Commissioner Drexel today through his representative, Ovidial Hundt.

The Nationalistic German film newspapers and periodicals have been waging an intense campaign against Laemmle, claiming that he launched more "lying, slanderous, anti-German propaganda films" in the United States during the war than any other film concern.

One result of this campaign has been that Laemmle, who is visiting his old home in Wuertemberg, is receiving letters threatening him with death. One threatening letter said "Thy Ox will fly in the air if you are still there Sunday." The Ox is the name of the hotel at which Laemmle is living in the town of Laube.

Pastor Marries Pair, Then Unties Knot

BOISE, Idaho, Aug. 30.—After the Rev. David Jones, rector of Christ Episcopal church here, had married Grover C. Tyler, of Boise, and Sylvia Eliza, of Hagerman, he discovered that Tyler had been divorced, he said, and therefore will decline to issue a certificate of marriage to them. Further, he declared, his church will consider the marriage null and void, as it does not recognize the marriage of divorced persons, except in certain specified cases. The couple had left on a wedding trip to Salt Lake before the cleric made his discovery, he said.

TEAMSTER IS KILLED.

SAN FRANCISCO, Aug. 30.—The victim of an accident, George Doran, 35-year-old teamster, died today at St. Mary's hospital. He had been employed by Felix Grom, 440 Ninth street, hay and grain dealer. Sent to deliver a load at the Seventh Avenue Riding Academy, he was driving at McAdams street and Central avenue, when the footboard of his wagon gave way, throwing him to the pavement and causing fatal injuries. He was a widower and is survived by a son.

San Francisco News

Four Women Are Named Members of School Board

SAN FRANCISCO, Aug. 30.—Four women are among the appointees of Mayor Rolph for the new board of education, provision for whose appointments are made in charter amendment No. 37. The mayor's appointees, to be decided, for or against, next November by popular election, are as follows: Mrs. Helen Sanborn, Miss Alice Rose Pover, Mrs. Mary Prag, mother of Mrs. Julius Kahn; Mrs. Ernest Mott, well-known suffragist and clubwoman; Alfred Eberg, Daniel C. Murphy and William Senn.

WOMAN CHARGED WITH KIDNAPING 6-YEAR-OLD GIRL

SAN FRANCISCO, Aug. 30.—The grand jury has voted indictment against Mrs. Maud Colvin, 624 Naples street, on a charge of kidnaping Varna Cekalo, 6-year-old girl.

The indictment was issued on the strength of evidence given by Rev. James Cekalo, 1684 Treat avenue. It is alleged that Mrs. Colvin enticed the child away from the home of Mrs. W. H. Van Pelt, 683 Vienna street. The child has been in Mrs. Colvin's care since the death of her mother three years ago, and Mrs. Colvin is said to have protested when Cekalo placed the little one in Mrs. Van Pelt's charge.

GOVERNOR ASKS SPEEDY AID FOR WOUNDED MEN

SACRAMENTO, Aug. 30.—In a special proclamation issued late yesterday, Governor W. D. Stephens calls upon "all loyal and grateful citizens to co-operate to the fullest extent with the Veterans' Bureau of the Federal government in a cleanup campaign launched for the purpose of attending to the settlement of the disability claims of the nation's disabled ex-service men."

That amends may be made for the two and one-half years' delay in the settlement of such claims, Governor Stephens urges that all men coming under the provisions of the Sweet act be brought before members of the "Cleanup Squad" so that "they may bind up speedily the wounds of those brave men and women whose bodies were broken in the triumphant defense of our beloved America."

A special government squad will be in attendance at the State Fair here to consider the cases of disabled veterans, the governor advises, and friends of former service men who were incapacitated in the service are urged to bring them before the examining boards at that time.

Judge Orders Court Spectators Jailed

CHICAGO, Aug. 30.—Thirty-two spectators in Judge Joseph Schulman's court were locked in the "bull pen" two hours yesterday by order of the judge and then dismissed with a warning that in the future spectators will be given twenty days in the workhouse. "This is no place to spend your vacation," the judge declared.

Gorky's All-Russian Committee Arrested

REYVAL, Aug. 30.—Members of the All-Russian Committee have been arrested. It is said in dispatches from Moscow. It was reported on September 1 that this committee formed by Maxim Gorky, widely known Russian author and editor, for the purpose of going abroad in the interests of Russian famine relief, has been dissolved. Associated with Gorky in the plan were representatives of various political parties in Russia.

FEDERAL BOARD PREVENTS STRIKE OF OIL WORKERS

Walkout Set For Thursday Called Off; Request Made For Co-operation.

Strike of oil workers set for Thursday has been called off, following a move by the federal oil board in taking the initiative in negotiating a new working agreement. The action, oil men and operators agree, amounts to government request for the co-operation of the men while a new program may be outlined. As a result, word has been sent to the large unions of workers to rescind the strike order of September 1.

Reply today from the Kern River local at Bakersfield is that the strike has been called off, and it is thought that the other locals will take the same action today. Walter J. Farrow, attorney for the workers, said today: "We are now in the hands of the government, where we were before. The strike will be called off while the government will seek to negotiate a new agreement."

The 4000 workers of the Shell Oil Company have signed a new agreement, and would not have been affected had the strike been called.

Brightening Copper, Film Star, Subjects of Queries

Anything made of copper, from a penny to the bottom of a wash boiler, is guaranteed to respond to the treatment given as an answer to one of the questions that came to the Information Bureau of The TRIBUNE for solution today.

Here is the query in question: "Will you kindly tell me of something that will keep copper bright?"

Oxalic acid, muriatic acid and several other acids will clean copper very effectively. Oxalic acid is the best, but the acids must be well washed off, the metal dried and then rubbed with sweet oil and tripoli, otherwise it will soon tarnish again.

Another TRIBUNE reader sends in the following query: "Please publish if you know where Mary Pickford is at the present time."

Eastbay To Exhibit At S. F. Dahlia Show

Amateur gardeners of Oakland, Alameda, Berkeley and San Jose will exhibit their productions of dahlias at the sixth annual show of the Dahlia Society of California, at the Palace Hotel in San Francisco, September 15 to 17 inclusive. Among the Eastbay gardeners who have entered their dahlias are Mrs. Edna Spencer, Dr. L. Michaels, Carl Salbach and Mrs. J. A. Scannavino.

Gardeners desiring to enter this event must send their names and address to Frank C. Burns, show manager, San Rafael, before Thursday of this week. According to J. W. Davies, the president of the Dahlia Society, the number of "seedling" flowers will be larger this year than ever before.

U. S. S. New Mexico Gets Gunnery Prize

SAN FRANCISCO, Aug. 30.—A bronze tablet awarded by the President of the United States hung in the ward room of the U. S. S. New Mexico today, marking the New Mexico as the most efficient battleship in the United States navy. It was presented following the annual trials for efficiency in gunnery and engineering.

A big "E" on her smokestack and an efficiency pennant flung from the foremast were other marks of expertness worn by the New Mexico.

The superdreadnaught Idaho was awarded the right to paint a red "E" on her smokestack for efficiency in engineering.

PIONEER BRIDGE BUILDER IS DEAD

John McMullen, pioneer bridge builder and contractor of the Bay region, and founder of the San Francisco Bridge Company, died yesterday at his home in South Norwalk, Conn., according to word received by his friends here. He had reached the age of 73 years.

McMullen, who has built some of the largest works on the Pacific coast, such as the Hunter Point drydock, the government piers at Fort Mason, and also the Pearl Harbor drydock in Hawaii, sailed from New York, via Panama, for San Francisco, then the Mecca of all adventurous spirits, in 1890. He met George W. Catt, husband of the famous suffragist, Mrs. Carrie Chapman Catt. They entered into partnership and together organized the San Francisco Bridge Company, besides numerous other corporations. This commenced the series of great works which have been of such far-reaching influence on the development of the West. McMullen subsequently extended the sphere of his activities to the Atlantic coast, the Gulf, and even to the Philippines.

About three years ago McMullen retired from business. In his leisure hours he was frequently reminiscent of his early days in California, saying that there were then "comparatively few people, plenty of work and business, and money for everybody, and everything was cheap."

During the last year, the pioneer contractor was ill. The funeral will be held next Thursday in South Norwalk, Conn. He is survived by one brother.

CABLE LINE PUT OUT OF RUNNING BY GREASE FIRE

SAN FRANCISCO, Aug. 30.—Service on the California street cable line was stopped and damaged, which will cost the company a total of approximately \$2000, was sustained by a peculiar fire in the pit beneath the slot at California and Hyde streets at 2:30 o'clock this morning.

The accidental turning over of a lantern by one of three workmen, engaged in greasing the wheels, which carry the cable into the power house, was responsible for the trouble.

As the flames touched the greased rope it caught afire and quickly spread down the track, sending clouds of smoke into the air. Although extra mechanics worked all night it was impossible to splice the cable and the California street cars did not run until this morning. The loss to the company in receipts, as well as damage to the cable, was therefore considerable. Thousands of citizens, who used this means of transportation, were forced to adopt a substitute means of travel.

Faulty Petitions Halt Charter Vote

SACRAMENTO, Aug. 30.—Stating that the circulators of the petitions had failed to comply with the law by neglecting to swear to affidavits verifying the signatures, County Clerk Harry W. Hall yesterday refused to certify petitions calling for an election of free holders to frame a new county charter.

The Taxpayers' League, which started the movement for a new charter, will bring a mandamus suit to compel Hall to certify the petitions, it was announced at their headquarters.

CHEMICAL WORKS HEAD IS ACCUSED

George Fred Wolff, formerly head of the Oakland Chemical Works, was arrested this morning by Police inspectors Joe Enright and Edward O'Donnell, on a charge of passing checks with no funds in the banks.

The warrant was sworn to by Mathilde Gorman of 1137 Brush street, San Francisco. She was employed by the chemical works demonstrating a soap tabor which was manufactured by the company. In the complaint, she alleges that she was given two checks as payment for her work. One, she states, was drawn on the Central National Bank, which was returned, marked account closed. The second check was on the First National Bank, and she was notified by the officials that the company did not have an account.

Wolff told the two arresting officers that his troubles were all caused by an Oakland attorney, who gave him a check for \$388. He says that he deposited the check in the bank and the attorney stopped payment on the check without telling him what he had done.

Mrs. Gorman told the police inspectors at the time she applied for a warrant that there were seventeen girls who were employed by the

Church To Discuss Fall Work Program

Parishioners of St. John's Episcopal church, Eighth and Grove streets, will meet in Guild hall tonight to discuss the program for fall work. The women of the Church Service League, the Mothers' Club and St. John's Social Club will serve dinner at 6:30 p. m. The meeting will be in the nature of a parish rally and will mark the first feature of a series of social events planned for the fall's activities at St. John's Guild hall.

A program consisting of the following addresses will be given: "Team Work," Father Barrett; "What Our Men Can Do," Allen C. Hibbard; "Our Budget," Frank F. deLisle; "What Our Women Can Do," Mrs. E. Nesbitt.

The fall committees will be announced and plans for the parish bazaar will be outlined.

Company who had been paid in advance, but she did not know whether they received their money or not from the banks.

Mrs. Gorman at first took up the matter with the Commissioner of Labor in San Francisco, but she says she did not get any quick action.

Sal-le-an Club To Give Church Benefit

All arrangements have been completed for the dance, to be given by the Sal-le-an Club for the benefit of St. Leo's Parish on Wednesday evening. The following committee is in charge: Misses Kessie Kelly, Mary Davis, Daisy Keller, Alice Randall, Loretta Donnelly, Mary McLaughlin, Elizabeth Quinn, Alice Rigney, Frank Cahill, Bill Finn, Ben Oyazo, Jack Davis, Tom Hardy, James Hagerty and Frank Eggs. In addition to dancing, a whist party will be held. Alex Waters will direct the whist.

SWINDLE TRUST CACHE LOCATED; PLUNDER SOUGHT

**Safe Deposit Box May Hold
Millions in Securities,
Officials Believe.**

CHICAGO, Aug. 30.—A cache believed to contain millions of dollars in securities of the French-Worthington \$50,000,000 swindle trust was located today in the plundered vaults of the Security Trust Company. This was learned during an investigation of the \$224,000 hold-up there Sunday night.

A huge safe deposit box, believed crammed with bonds and securities, is held by "Honest John" Worthington, chief aide to French, under the name of "John Whitehouse."

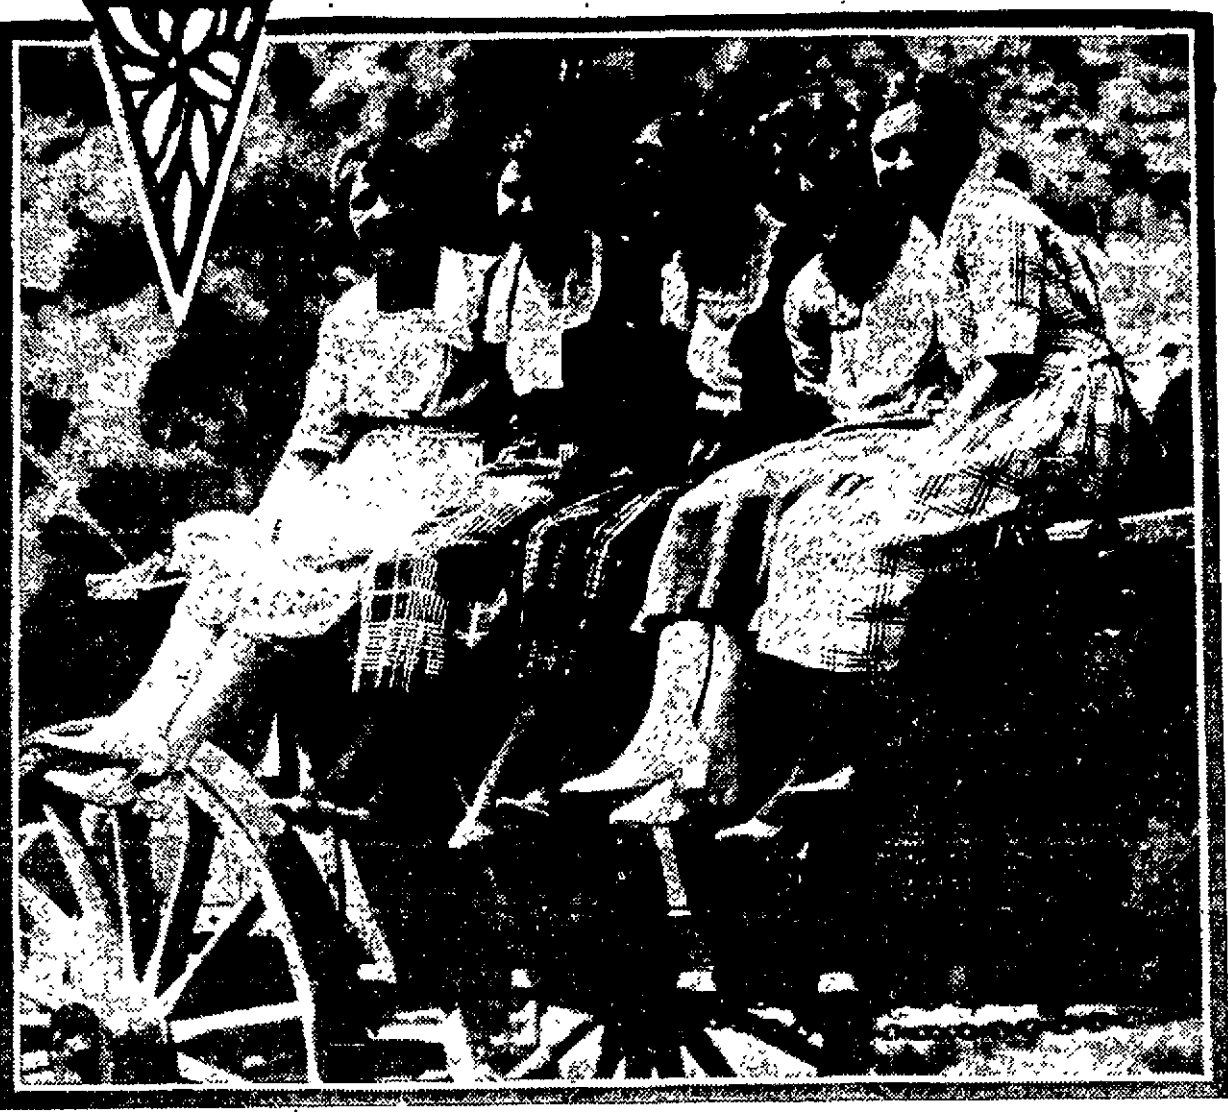

Police declared the vault might contain sums equal to the \$15,000,000 worth found recently in Cleveland.

Coincidental with the discovery of the cache, William Simpson, Canton (Ohio) attorney, arrived here with a promise that Zebulon W. Davis, the Ohio millionaire implicated in the band's activities, would make a "clean breast" of his dealings. Davis' statement, federal agents said, would be the "last link" in the government's case against French and his associates.

Simpson conferred for several hours with Assistant United States Attorney John V. Clinch, head of the "swindle" probe. Simpson declared that Davis had lost \$1,000,000 through deals with the band. The Cleveland man, he said, is ill at present, but will come here as soon as he recovers. The millionaire first came under French's domination in 1909, when he invested \$750,000 in a French scheme. Since then, Simpson averred, Davis has made additional payments in the hope of recovering the previous loss.

A court order for search of the Worthington cache was issued this afternoon by Federal Judge K. M. Landis. The order was asked by the Central Trust Company, recently appointed receiver for one of Worthington's defunct security companies.

Business Men Back Mayor Davie in His Plan for Admission Day Stadium Ball

Some of the girls who are working for the success of the stadium ball to be held at the Auditorium on September 8. They are, from left to right, ANNA MAY, LEONA PETERSEN, MAYRENE MADDOX, CECILIA HAAGA and ELSIE JENSEN. The wagon doesn't mean anything, except that the photographer found it on the floor of the proposed stadium.

Tevis Victimized, Attorney Declares

SAN FRANCISCO, Aug. 30.—How William S. Tevis, capitalist and clubman, is alleged to have been victimized by Charles W. French, held in Chicago in connection with a giant swindle scheme, was described today by John E. Bennett, local attorney.

It was a dozen years ago that Bennett appeared for Tevis in numerous suits filed against him by French and persons associated with him. This was before Tevis, R. G. Hazenford and Frank Smith were introduced in Oakland in the United Properties Company.

"Tevis lost a good many thousands of dollars," said Bennett today. "I was his attorney in a number of suits which were brought. French got hold of some of his notes by fraud and attempted to sell them to others. Some of them were in the hands of 'cool pigeons,' and still others found their way into the hands of banks and of course had to be paid. Of course French got them by fraudulent means, but the persons into whose hands they fell represented that they had paid good money for them."

PIEDMONT SCOUTS WILL GET MEDALS

Over 250 fathers, sons and Piedmont men interested in the Boy Scout movement are expected to attend the annual gathering of the Piedmont Council, Boy Scouts of America, on Thursday evening at the Piedmont Interdenominational church. Wallace M. Alexander, president of the San Francisco Chamber of Commerce, and who is also president of the Piedmont Boy Scouts, will act as toastmaster at the dinner, which will be featured by an address by former Governor James N. Gillett on "My Impressions of Scouting." Regional Field Executive Charles N. Miller will also speak.

A special feature will be the presentation of awards won by the different scouts at Camp Redwood, the summer training camp of the Piedmont Scouts, conducted at Camp Meeker in Sonoma county. W. W. Saint, chairman of the camp committee, will present the badges, which are as follows: Eagle Scout badges (highest rank in scouting), Joe C. Moore, Troop 2; Clarence Chickester, Troop 2; James Tyson in Troop 1; Star Scout badges (second highest rank), will be presented to Fred Anderson, Harleight O'Brien, both of Troop 2, and Sterling Rounthwaite of Troop 3. A beautiful Walkman watch will be presented to Engle Scout James Tyson by Horace J. Miller, vice-president of the Piedmont Council, for obtaining more merits at camp than any other Scout.

The Piedmont Council has received a letter from the state board of forestry commending it for its activities in fighting a forest fire near Camp Meeker on July 4.

Piedmont has recently organized a Scout Legion for the older boys, and large numbers of the new Piedmont high school boys and young men have joined.

Labor Day Also to Be Observed by Event at Auditorium on Evening of September 8.

A number of Oakland business men and manufacturers have offered their support to the plans of Mayor John L. Davie for a "stadium ball" to be held on the evening of September 8. A business men's committee is to be appointed soon for the purpose of securing the cooperation of every business man in the city in making the ball a success.

It is planned to make the ball a combination Labor Day and Admission Day festival. Native Sons and Daughters have undertaken the work of decorating the municipal auditorium, where the affair will be staged. It is planned by the committee to have every parlor of Native Sons and Daughters represented in the main committee, which will have the affair in charge.

Frank Merritt, selected as floor manager, announced today that he is working on a program of special events for the occasion. Art Hickman and his orchestra will provide the dance music.

The proceeds from the stadium ball will be used in the construction of the proposed stadium at the head of Lakeshore avenue.

Commissioner Frank Colbourn today ordered the police department and fire department to take down their signs, "Davie Stadium Ball," tickets for sale here, and to refrain from selling tickets unless purchasers specifically ask them.

Colbourn's ruling is in line with an order yesterday that no city employee should feel obligated to sell tickets for this or any other cause. Behind the ruling is a long list of actions in the past where police and firemen felt that they were compelled to sell tickets in order to "stand in" with the "higher-ups."

"I sincerely hope for the success of the stadium ball," says Colbourn. "but I believe that this ticket business opens the door to other things in the future which will not be so worthy. Police men and firemen must not be employed to peddle tickets for any thing."

Some months ago there was a complaint that policemen, selling tickets to a relief ball, were holding up citizens and compelling them to buy tickets or be arrested for speeding. At the time it was said that "this will be the end of ticket-selling."

SAMOANS RESENT MANDATE ORDER

APIA, Samoa, Aug. 6.—(Correspondence of the Associated Press.)—Natives and residents of western Samoa, the former German possession in the South Pacific, mandate over which was given to New Zealand, have united in a protest against the administration of this territory by the New Zealand government.

Under the mandate, the New Zealand government, without voice of Samoans in affairs and lack of respect for Samoans by the administration are among the conditions enumerated in petitions to Great Britain requesting that the islands be taken from New Zealand control and placed in the department of colonial affairs in the British Imperial Government.

The petitions were set forth in letters and addresses to E. L. Lee, minister of external affairs of New Zealand, who was appointed by the British government to visit and inspect British Samoa.

Young Wife Reported Missing From Home

The police have been asked to locate Mrs. Sarah Platen, 30, who has been missing from her home at 3219 East Tenth street since yesterday afternoon. The report was made to the Eastern police station by Mrs. P. E. Martin, 1505 Fruitvale avenue, who is a friend of the family. The reports say that Mrs. Platen has been suffering from a nervous trouble for some time. She is 36 years of age, 5 feet 6 inches tall and weighs 115 pounds. She has fair complexion, blue hair and blue eyes. She wears a blue skirt, blue jersey and a white waist.

75 Per Cent of People in State Are U. S. Born

(By United Press.)
WASHINGTON, Aug. 30.—The population of California is 75.1 per cent native white, 16.1 per cent foreign-born white, 2.1 per cent Japanese, 8.8 per cent Chinese, 5.5 per cent Indian and 1.1 per cent negro, the census bureau announced today.

Foreign-born whites now number 651,662, an increase of 31.3 percent over 1910. Native whites number 2,587,049, an increase of 48.2 percent. Japanese number 21,922, an increase of 69 percent over 1910. In 1910 there were 11,756. There are 2674 Filipinos in California; 1274 Hindus, 772 Koreans, 70 Hawaiians, 12 Malays, 4 Samoans, 3 Siamese, and 1 Maori.

BINDING PACT TO PREVENT WARS IS ALLEGED REMEDY

**Senator McCumber Declares
Provision Must Be Made
To Enforce Disarming.**

By J. BART CAMPBELL,
International News Service Staff
Correspondent.

WASHINGTON, Aug. 30.—A written binding pact between the United States and leading nations, to prevent wars of aggression and to compel arbitration of international disputes, must precede any material reduction in military or naval armaments, Senator Porter J. McCumber, Republican of North Dakota, ranking Republican member of the Senate foreign relations committee, declared today.

Unless the United States is willing and able to bring about a league or an association of the bigger nations to prohibit war and enforce peace, the approaching Washington conference on disarmament and kindred problems will, in Senator McCumber's judgment, fail to decrease the crushing burden of armaments.

MUST JOIN SOLEMN PACT.

A mere agreement to reduce armaments is neither possible nor practicable, McCumber believes. Neither Great Britain, France, Italy or Japan would consent to one, he is certain, unless the United States is willing to go further and join with them in a solemn, definite, cooperative understanding, duly set down in black and white, and signed, that none shall engage in a war of aggression, nor refuse to arbitrate whatever contentions may arise between them.

"Total disarmament is out of the question and will remain so," said McCumber, "until by mutual agreement between all nations capable of making war, war is made an impossibility."

MAY DECREASE BURDEN.

"And just to the extent President Harding is able to consummate such an agreement between the powerful nations," he continued, "just to that extent will he be able to decrease the burden of armaments."

"Such a compact must precede, not only complete disarmament, but to my mind, it must precede any great or substantial reduction in military or naval armaments."

It is McCumber's opinion that Great Britain alone will not consent to the "scrapping" of her navy.

Composer of "Rock of Ages" Is Remembered

DURKINGTON, COMBEE, SOMERSET, ENGLAND, Aug. 30.—The rock, visualized by Augustus Toplady, when he was inspired to compose the hymn, "Rock of Ages," stands just outside this village and a great totem pole to perpetuate his memory was held there on the August bank holiday.

Toplady is said to have taken refuge at the rock from a severe storm, which was sweeping over the gorge, on the edge of which the rock stands, and while waiting for it to pass over, he was led to compose the hymn.

The rock, a shrine to the rock was organized under the auspices of the church of England, but a Salvation Army band also took part. The 6,000 people present, some of whom were perched on jagged rocks on the side of the gorge, took part in the singing of the hymn. It was also decided that a memorial to Toplady should be placed on the rock.

Doctor Asserts His Life Is Threatened

SAN FRANCISCO, Aug. 30.—Dr. J. M. Toner, 3187 Sixteenth street, a well-known San Francisco physician, fearing for his life and believing that he might walk into a trap which would result in death or injury, procured a warrant in the police court today for the arrest of William J. Nichol, who he says has been threatening him.

According to the physician, a man came to his office looking for him and made threatening remarks. He was not present, but received a telephone message, the voice coming from the wife of Nichol, that the speaker would "get him."

Dr. Toner told Judge O'Brien that he believed Nichol was the man responsible for the threats against him with threats against his life. He declared that he had been in a business deal with Nichol and that when it had fallen through the latter had become angered.

Condemed Murderer Is Granted Reprieve

SACRAMENTO, Aug. 30.—Davis Griffith, sentenced to hang for murdering Henry Smith, also colored, in Sacramento in April, 1920, today was granted a reprieve by Governor William Stephens until October 1, to permit further investigation into his plea for commutation to life imprisonment.

It was stated at the Governor's office that Stephens stayed the execution of Griffith, who is now in the state prison, on the recommendation of Chief Justice P. M. Angellotti of the Supreme Court and Associate Justices Curtis D. Wilbur and William M. Sloan. When the supreme court recently affirmed the conviction of Griffith the suggestion was made that executive clemency might be extended to the condemned man.

Two Prisoners Are Given Probation

Two prisoners arraigned before Superior Judge Lincoln S. Church today were placed on probation for six years each, upon recommendation of the adult probation officer. They were J. B. Pacheco and Wilber J. Sherman.

Pacheco is charged with passing a fictitious check for \$24.50 on E. F. Brothers, 8996 East Fourteenth street, on June 17.

Sherman is charged with robbing the store of Manuel Arellano, 1228 East Fourteenth street, on June 28.

**Red Cross Handles
248 Dental Cases**

At the start of the school year, the Junior Red Cross reported to the school department that during vacation it had cared for 248 dental cases free of charge, the largest number being at the West Oakland settlement, where 148 cases were treated. The Red Cross headquarters, 1212 Twelfth street, are mainly devoted to this work.

HIRES CHUM TO ENTERTAIN HIS LONELY SPOUSE

SAN FRANCISCO, Aug. 30.—How he paid his friend to entertain his wife in order that he might not be lonely when he was away was an unusual feature introduced by Foster Wentz in the divorce trial of Carl Schulz, an official of the California Rolling Mills of Berkeley, against Mrs. Lucille Schulz, before Superior Judge J. J. Van Nostrand today.

In Mrs. Schulz' answer and cross-complaint, she not only charged that her husband struck her but accused him of going around with Mrs. Foster Wentz, the wife of his school chum, and bringing her into the household and having her cohabit, etc.

Wentz, who was present, declared that he knew of his wife's trips to theaters and cafes with Schulz and that he had paid him to entertain her when he was away because she was lonely.

In his original action Schulz charged improper conduct on the part of his wife with a man named Cadell in a Ninth-street hotel.

Thomas Twibig and his wife, proprietors of the place, testified that Mrs. Schulz was known to them as Mrs. Quirk and they thought she was married to Quirk.

Answering Mrs. Schulz' accusation that he had struck her, Schulz testified that she was going to stab him, but that she dropped the knife, and then he hit her. Just once.

The trial is still in progress. Schulz is willing his wife should have the two children, and offered to pay \$30 monthly, each, for their support and \$40 alimony to the wife, the last named sum for one year only. Mrs. Schulz wants \$10 for each of the children and \$30 for herself.

DIVORCE WON AS MATRIMONY AND 'CLIMATE CLASH'

Climate and matrimony clashed yesterday in the court of Superior Judge A. E. St. Sure and climate won two battles. R. V. Sumpter, 74, and Mrs. Mary J. Sumpter, 55, to whom he had been married for thirty-five years, found their final disagreement over whether divorce is preferable to California, and ended the dispute by each going to live in their favorite state.

Informed of the cause of their differences, Judge St. Sure used all his powers of persuasion to heal the breach, but without avail. Sumpter declared he found California climate suited to his declining years and nothing could induce him to return to Missouri. He declared he was perfectly willing, even eager, to receive his wife back, but she insists she cannot stand California and must live in Missouri, and so Judge St. Sure granted Sumpter an interlocutory decree of divorce. Mrs. Sumpter will leave for Missouri in a few days.

ASKS DIVORCE, ALIMONY.

SAN FRANCISCO, Aug. 30.—Charging that her husband took away her wedding ring and gave her back her picture, saying he was through with her, Mrs. Frances Muir filed suit for divorce today against David W. Muir, official of a pipe company. She wants \$150 a month alimony.

17 CHINESE FOUND SECRETED ABOARD MAIL LINER NILE

Oriental Packed Like Sardines in Box-Like Apartment; U. S. Inquiry.

SAN FRANCISCO, Aug. 30.—Concealed in a box-like compartment between decks on the China Mail Liner Nile, which reached San Francisco today from the Orient, seventeen Chinese stowaways were found packed together with scarcely room to move about. The chance finding of this supercargo was made by Customs Officer W. J. Williams. As required by law, the crew was mustered on deck shortly after the passengers had disembarked. Williams waited until the men had been lined up when he began his tour of investigation. Being unable to gain entrance to a small room, he smashed in the door. There was not room for the door to open wide by reason of the human freight packed sardine-like in the interior. The officials say that it would have been impossible for the Chinese to have remained inside the compartment throughout the entire trip. They were immediately seized and taken to the immigration station at Angel Island. Commissioner of Immigration Edward White began an inquiry and the officers and crew of the Nile will be called upon to explain the presence of the Chinese on the vessel.

ARONSON WILL HAVE TO 'TELL IT TO JUDGE'

Isadore Aronson is a peddler, but Edward J. Frohn contends that he missed his calling and should be a lawyer. About a month ago Aronson was arrested in San Pablo by Traffic Officer Bert Heath for driving his automobile truck with only one light burning. He appeared before Justice of the Peace C. H. McManis of San Pablo, was found guilty and fined \$10. Aronson said he only had \$5 with him. The judge was touched by Aronson's appeal, who is an ex-serviceman, and fined him \$5 as part payment, under condition that Aronson would mail the balance the following day. But the judge waited a month, but Aronson did not pay. A bench warrant was sworn out on August 24 and was forwarded to Oakland to be served. Aronson said he had \$130 when he left home at 743 Twenty-sixth street, but was unable to locate him. This morning Frohn called at 4 o'clock and found him in bed. Aronson says that he intended to pay the fine, but has been busy and neglected to do so. "Tell it to the judge," said Frohn.

Wounded Man Is Reported Improved

The condition of Bert Benson, 2234 Ninety-second avenue, who is being treated at the County Hospital at San Leandro for a bullet wound in his left lung, received when he attempted to escape from San Leandro police yesterday, was reported slightly improved. Benson is said to have insulted Miss Etta Campbell, a nurse, while she was driving a machine on Foot-hill boulevard, near Stanley road. Benson was arrested by Marshal Joseph Peralta, Constable Manuel Valencia and Harry Lyons, a night watchman. Lyons fired five shots in the air, and when Benson stopped he fired a shot. Benson is said to have stumbled at the instant the shot was fired, the bullet penetrating his left lung.

Author Gives Play To Santa Clara U.

UNIVERSITY OF SANTA CLARA, Aug. 30.—All rights, copyright and performing privileges in his "Mission Play of Santa Clara" have been turned over to the University of Santa Clara by Martin V. Merle, author and playwright, according to information current here today. The mission play, which has been presented here for several years, and which will be presented again this year, bidding fair to equal the popularity of the Passion play as an annual event, promises to be the largest dramatic event in the history of the institution. Merle stated that he wanted the university to perpetually have the right to present the mission play, and that he had given the right to the university. Merle's gift on behalf of the university.

Berkeley Announces Fire Prevention Days

BERKELEY, Aug. 30.—Fire prevention week has set for October 2 to 8 by the city council this morning. An intensive campaign of education in fire prevention will be inaugurated in this school, churches, business houses and industries throughout Berkeley. An effort will be made to reduce by half the fire insurance rates by precautionary measures. The following committee is named to make charge of the campaign: L. W. Rankin, Fire Chief E. S. Rose, Assistant Fire Chief George Hagarty, Rev. Norman W. Pendleton, C. C. Hinkley, Chief of Police, J. J. Volkmann, J. C. Rivers, A. W. Thornton, Mrs. Mabel Mitchell.

BARNETTS' ALIBI IS CONFIRMED, SAYS WORD OF SHERIFF

Men Held On Suspicion of Being Hinds' Slayers Said to Have Proved Innocence.

SAN JOSE, Aug. 30.—With Sheriff George Lyle stating that Charles and Hubert Barnett, brothers, held on a charge of having murdered C. J. Hinds, have established a perfect alibi—or one which is nearly perfect—with the two men still held in the county jail, the Hinds murder case today bears the earmarks of a little mystery of their own, created by police and sheriff's officials. Lyle gave out a statement yesterday that, after fifty-six hours of nearly continuous questioning he had come to the conclusion that the alibis presented by the two men were nearly perfect. This was the basis of his statement of the day previous that the alibis had broken down because of testimony on the part of the men's wives. Except for the continual questioning there were few important developments in the case yesterday. Lyle refuses to give out the alibi, which have been established, merely stating that they are "practically perfect." Chief of Police Black has switched completely to the belief that the Hinds murder was the motive of the crime. He believes in the stories known of the \$800 carried by Hinds and that they planned to take it from him, being thrown into a panic when he reached back into the coupe for a milk bottle. Thinking that he was reaching for a revolver, Black declares, the two became panic-stricken and fled.

Cruelty Is Alleged In Wife's Complaint

Charging her husband, Duncan Wallace, with cruelty, Mrs. Dea Westfall Wallace today instituted suit for divorce from the wealthy Fresno county dairyman and rancher, demanding \$3500 attorneys' fees and \$250 a month alimony. She also asks the custody of five children, ranging in age from 3 years to 18 years. Chief among the acts of cruelty charged by Mrs. Wallace are that through a plot concocted by her 9-year-old son Norman the child was ill with measles and his father had demanded he arise at 3 a. m. and milk the cows. When she was unable to do so the father jabbed him with the pitchfork, Mrs. Wallace asserts. On another occasion he threw a heavy tool at his son Westfall and broke his arm, she alleges. When Mrs. Wallace interfered her husband bent her fingers back upon her hand until they broke. Again, while she was ill and unable to do her share of the housework, he forced her to go into the harvest field and help the horses haul wagons of hay to the barns, the complaint says.

Husband Gambled, Wife's Suit Charges

Charges that Ralph Reed Carter, 2437 Bonar street, Berkeley, lost \$20 on a baseball game, which he concealed from his wife, and that he had been spending his time at a poker game when he was supposed to be attending vocational school at technical high school, were the basis of the divorce action of Mrs. Alice Avelle Carter before Superior Judge Dudley Kinsell today.

Loyal Park Friends Ask For His Return

BERKELEY, Aug. 30.—Maurice van Rensselaer has 200 loyal young friends at San Pablo park playground. Van Rensselaer was transferred last week to the playground department to direct activities at James Kenny park. Yesterday a petition signed by 200 boys at San Pablo park was sent to playground superintendent Louis E. McKee asking that he be returned to them.

Melting of Solder Caused Plant Blast

That the explosion which partly wrecked the plant of the Bell Sheet Metal Works, 2761 San Pablo avenue, Emeryville, the latter part of last week, was the result of melting solder off a gasoline tank which had not been properly purged of its vapors, was established today by engineers investigating the cause of the accident. Acetylene was in no way involved in the accident, according to the report of the engineers, who stated that the cause was the explosion of a small tank used as a gasoline container on a motor-bowl.

LECTURE ON FILIPINOS

ALAMEDA, Aug. 30.—Miss Beside Agnes Dwyer, head librarian in Manila for sixteen years, will deliver a lecture on the Philippines at the First Congregational church, tomorrow evening. The speaker will be introduced by D. A. Zherley, himself a long resident of the island, who will read a paper on the Philippines.

SUSPECT ARRAIGNED

Reginald de Hart, 24 years old, charged with burglary, was arraigned today before Police Judge Edward J. Tyrrell. September 7 was set for preliminary examination. He was arrested at 1824 San Pablo avenue, where the officers say they found a large quantity of jewelry, clothing and tobacco which had been reported stolen.

BARNER SHOP ROBBED

ALAMEDA, Aug. 30.—Burglars entered the barber shop of Frank Kells, 1402 Park street, last night. Entrance was gained by removing a pane of glass. Nothing of much value was taken according to the report made to the police by Kells.

RADIO MEN IN CONVENTION

CHICAGO, Aug. 30.—The first national convention of wireless operators will convene here tomorrow night at the Hotel Sherman. Radio Relay League, and it is said that 2000 delegates will be in attendance. The radio league members operate more than 6500 amateur wireless stations.

Charge of Battery Dropped in Court

On the motion of Prosecuting Attorney Fred Donahue, the charge of battery against Eugene Dolan of the Dolan Brothers Company was stricken from the calendar by Police Judge Smith. Donahue explained that there was no warrant on file on the charge of battery. Dolan was arrested last night on two charges, one of drunkenness and one of battery. The police report says that Dolan struck the officer while he was being placed under arrest. The charge of drunkenness was continued until September 7.

WOMAN'S HAND MANGLED

SAN FRANCISCO, Aug. 30.—Mrs. E. Grogan, 55 years old of 2031 Fifteenth avenue, had her left hand mangled in an electric washing machine today. She was taken to the Park Emergency Hospital for treatment.

LABOR IS AIDED BY OPEN SHOP, SAYS COUNCIL

Statement Issued by Federation Leaders Declares Move Strengthens Cause.

ATLANTIC CITY, N. J., Aug. 30.—The open-shop campaign and the "aggressive hostility of unfair employers" have strengthened rather than weakened the solidarity of the organized labor movement, it was declared in a statement last night by the executive council of the American Federation of Labor. The council issued its declaration, the statement said on reports submitted by affiliated national and international unions and other information collected throughout the country. An analysis of the reports, the statement said, showed a reduction in payment of dues by the federation's membership was due principally to unemployment. Secretary Frank Brown, in a letter to the council, showed today that the federation had suffered a slump of 750,000 members during the past year. He referred to the figures as "a sad picture of the labor movement." The statement declared the council was "aggressive" in its efforts to work to destroy the open shop. It is appreciative of the depressive industrial situation and expressed sympathy with the desire and need of organizing the unorganized in a solid trade union phalanx for mutual protection, and for the advancement of the wage earners' common interest. It has determined to inaugurate a comprehensive and extensive organizing campaign. "The workers are also called on to observe Labor Day in a fitting way and to manifest in an unmistakable manner that the cause of labor is more alive today than ever in the history of the trade union movement." The statement declared the council welcomed the "changing attitude of the church and women's organizations toward the labor movement." It is evidence that while plutocracy may attempt exclusively to control the material things of life, the money and credit of the nation, it is not able to repeat successfully the Scotts' plan, money, sign, salute, significance of the badge, know the composition and history of the flag and make a number of things. For higher rank and ratings he must appear before the Court of Honor, where he is given, as his position warrants, an examination, including scouting, first aid, bandaging, signaling, tracking, proper use of knife and ax, ability to build fires in the open, cooking, compass and to be able to show the court a bankbook with at least one dollar deposit.

ALAMEDA Aug. 30.—The Boy Scout Council of Honor will hold a meeting at Scout headquarters this evening for the purpose of giving tests and examinations to Scouts who are seeking advancement. The court consists of E. K. Taylor, chairman, J. Sherman McElwain, J. W. Sanford, A. G. Dexter, R. K. Kahn, Elmer Dick and Dr. George Thompson. All boys joining the Scouts are classed as candidates and in order to become a tenderfoot the candidate must be able to repeat satisfactorily the Scout oath, law, motto, sign, salute, significance of the badge, know the composition and history of the flag and make a number of things. For higher rank and ratings he must appear before the Court of Honor, where he is given, as his position warrants, an examination, including scouting, first aid, bandaging, signaling, tracking, proper use of knife and ax, ability to build fires in the open, cooking, compass and to be able to show the court a bankbook with at least one dollar deposit.

GOMPERS MAKES APPEAL

A campaign of the American Federation of Labor for a membership of 5,000,000 will be launched on Labor day, the federation's executive council announced today. President Samuel Gompers has issued an appeal to labor throughout the country to rally on Labor day in public gatherings for "increasing public addresses and distribution of literature of our movement." "The time has come for labor to assume the aggressive," said his appeal. "We have held the line. Our positions are unshakable. It is the hour for a great forward move. Set Labor day as the day upon which we cease holding the line and begin to move forward in a great resolute way." Gompers will make a speaking tour of the principal cities.

WOMAN GETS WARRANT

SAN FRANCISCO, Aug. 30.—Charging that he had borrowed \$4500 from her under false pretenses, Mrs. Elizabeth Keith today secured a warrant for the arrest of Harry Owens, believed to be in Omaha, Neb. She alleges that in borrowing the money he alleged he owned valuable options on Nevada lands and two automobiles, and that upon investigation she found these claims false.

U. S. S. UTAH ON CRUISE

PORTLAND, Aug. 30.—The American battleship Utah left here last evening for a cruise in the Baltic sea.

ALAMEDA Elks Club Gymnasium For Club

ALAMEDA, Aug. 30.—Another discussion of the \$100,000 extension plans of the Alameda Elks clubhouse will be held this evening. Work is scheduled to start within a short time. The extension includes considerable additions to the present building, the construction of a gymnasium, swimming pool and shower rooms.

GAS ENDS MAN'S LIFE

SAN FRANCISCO, Aug. 30.—Ulrich Miller, 64 years old, a mechanic, was found dead in a gas-filled room at 283 Sixteenth street this afternoon. He is believed to have committed suicide.

BAUMGARTEN ESTATE Valued At \$355,000

The will of August C. Baumgarten, wealthy Hawaiian planter and manager of the Hawaiian Pineapple Company, was admitted to probate by Superior Judge E. C. Robinson today.

BAUMGARTEN ESTATE Valued At \$355,000

Baumgarten left an estate of approximately \$355,000. Of this \$100,000 is in stocks—\$5000 in Liberty bonds, \$5000 in United States treasury certificates and \$45,000 in real estate. The property was left to the widow, Mrs. C. G. Baumgarten, and a son, James Vance Baumgarten, who live at 280 Lenox avenue.

BAUMGARTEN ESTATE Valued At \$355,000

Mrs. Baumgarten was appointed executrix of the will without bonds. Baumgarten died August 1 last.

Increase On Press Dispatches Is Asked

SAN FRANCISCO, Aug. 30.—The Western Union Telegraph Company today petitioned the State Railroad Commission for an increase of 20 per cent in the tolls upon press dispatches transmitted entirely within the state. It is claimed that under federal control press dispatches were not included in the general 20 per cent increase on all commercial rates and that subsequently when the State Commission approved the new rates, press dispatches were also omitted. The company requests that press dispatches bear their proportion of the increase in the cost of operation.

Mrs. Obenchain May Get Separate Trial

LOS ANGELES, Aug. 30.—Separate trials for Mrs. Madalynne Obenchain and Arthur C. Burch, who yesterday pleaded not guilty to charges of having murdered J. B. Sweeney, were granted today by Judge J. J. Connelley. The case would elect to try the case against Burch first.

THE FACTORY OF FOOD.

If the Soviet authorities of Russia keep their agreement with the Hoover relief administration, which has undertaken to furnish needed supplies to the starving women and children of that unhappy country, Mr. Hoover, through the instrumentality of food, has won a victory which has so far been denied every political effort made against the Bolsheviks. The Soviet powers have completely capitulated.

There is, up to the present, indications that the Moscow chiefs intend to keep their agreement—at least so long as it will serve them to do so. A formal contract has been signed by foreign Minister Litvinoff, which grants all the concessions and privileges the relief administration demanded.

The Soviets agree that the American relief administration may bring in such personnel as it thinks necessary for the efficient administration of relief and that it be assured of full liberty and protection in Russia. Non-Americans and Americans detained in Soviet Russia since 1917 are to be subject to the approval of the Soviet authorities. The relief administration personnel shall have all facilities for entry to and exit from Russia and liberty of movement therein. The relief administration shall have complete freedom in the selection of local personnel.

It shall deliver supplies at a Russian port or the nearest practical adjacent point, and the Soviet authorities are to bear all further charges for the same. The Soviet will supply storage base points and the transportation needed for supplies. The Soviets will give the relief administration the same priority in this as that accorded to only relief, and will furnish adequate guards for convoys. They will allow the free import and re-export of all relief administration supplies whatever, and will guarantee them against requisition.

Relief supplies are to be devoted to the sick and children only as designated by the relief administration, and are to remain the property of the administration until consumed. The distribution is to be in the name of the administration. No individual receiving relief administration rations is to be deprived of a share of such local supplies as are given to the rest of the population by Soviet agencies. The Soviets guarantee to take steps to insure that supplies do not go to the general population, the army, navy or government employees, but only as designated by the relief administration.

There are twenty other distinct guarantees and reservations in favor of the relief workers. Those who have to do with the distribution of food and clothing to the afflicted people, the Bolshevik government agrees, are to be a power unto themselves in Russia. They shall be unhampered by local authority in their work.

The opportunity which this work will hold for the spread of American influence and for the enhancement of this country's good name among the Russian people is unlimited. What will come of it no one can say now, but it is something that excites the imagination. It is not at all improbable that Russian peasants will have time, while enjoying such comforts as the relief administration is able to extend, to cogitate on the influences that brought them to such a state and to consider whether longer toleration of a power that has so signally failed as a protective government is deserved.

WORK RESUMED.

Activities in the building industry were resumed in the Eastbay district yesterday after a suspension of nearly four months. This is mighty good news. The thing that made Oakland and its immediate neighbors stand out during the last nine months as one of the most prosperous districts in the country and a leader in business prosperity on the Pacific Coast, was the continuance of work for the building trades. Builders were putting up new homes as fast as the cost of material would permit and the shipbuilding industry was running at a rate far in excess of nearly every other shipbuilding port in the United States.

But the building industry stopped altogether

and while it was suspended the principal contracts for new ships were completed and the force of workers in all the plans were sharply reduced. This meant considerable idleness at a season when there should have been work for everybody. It was inevitable that the shrinkage of payrolls should be felt to a degree in the business life.

Therefore it is encouraging news that conditions have developed under which the resumption of new construction work is possible. There is much to be done, in the building of new homes and business structures. The basic price of material has been lowered to a point where new building is economically wise, providing there is no further profiteering among the material dealers.

It is to be hoped that the present plans for resuming work are not altered by radical or minority groups whose sole purpose is continued strife. This community has not been hurt severely, yet. But further suspension of work would soon be discovered to be very harmful and to involve much distress.

TAX EXEMPT SECURITIES.

Finally there are indications that the government at Washington is disposed to give its attention to the condition which has been created in the financial and business world by the flotation of tax-exempt securities. The vast amount of these securities issued in the last three years brings squarely before Congress the question of what to do to prevent the escape from all federal taxation of hundreds of millions of dollars of income.

The tax exempt security does not lessen the taxation of the man of small income. It has in the final analysis increased the tax burden of the moderate income. The ease with which tax-exempt securities may be marketed has resulted in large extravagance on the part of municipalities and other political subdivisions having the power to issue tax-exempt securities, and every taxpayer in such a taxing subdivision finds his taxes increased through levies to provide for interest payments and sinking funds on these securities, now so easily sold.

There are already in existence billions of dollars of tax-exempt securities, including State and municipal bonds, farm loan bonds and, under certain limitations, Liberty bonds and Treasury certificates, the tax-exempt feature of which under court decision cannot be eliminated, but it is possible, however, to prevent, in time, the issuance of any more securities of this character by amendment to the Federal Constitution, just as the possibility of a Federal income tax law was brought about.

Public sentiment appears to be consolidating in favor of such a procedure. Senator Smoot already has a bill to provide for the submission of a consolidated amendment, while Senator Kenyon has a similar bill. The Investment Bankers' Association of America favors the submission of the proposal and the American Farm Bureau Federation has included this in its program. Representative McFadden of Pennsylvania, chairman of the House Committee on Banking and Currency, is also strongly in favor of the idea. It would of course not be possible for anything to be done along these lines which would affect the payment of taxes in the current year, but in all probability the submission of such a proposition would have an effect on the proposal to reduce surtaxes to a point where the wealthy men would not be driven away from investment in taxable securities.

The direct effect of the tax-exempt securities is, of course, to make it more difficult for private enterprise to be financed. Corporation securities must carry a high rate of interest in order to compete with the non-taxable bonds of government and in the long run the people must pay this interest burden in the price of commodities they consume. The cost of financing is a part of the base cost of the products of an enterprise. So there is actually no saving to the general public through government securities being floated at a lower rate of interest, but being tax free. These securities attract idle capital which is always found in the hands of the very wealthy.

RUSSIAN RELIEF.

With the signing of the Hoover-Litvinoff agreement—which should be recorded among the significant treaties of history, not as a treaty of trade, nor of peace even, but as a treaty of charity—the way is open for the practical expression of sympathy on the part of the people of America for the people of Russia, without regard to political faith or practice, or to religious creed. This "treaty" is based on the truth embodied in the lines of Pope to the effect that, however men may disagree about faith and hope, the concern of all mankind is charity. That concern now has a chance to show itself in America through an organization of sufficient means to begin relief, of proved efficiency in administration, of scrupulous honesty, and with a leader who has the respect and gratitude of all the States of Europe up to the very gates of Russia. By this time ships with supplies are moving toward the ports nearest the starving people, and there are funds available for all the supplies that can possibly be transported in the immediate future. All is being done that can be done at the moment.

It is probably only a beginning. The next step must be to co-ordinate all the private generous impulses and organized agencies, so that when the nature and the scope of the need are better known through the trained observers there will be further and prompt response. The American Red Cross, the Y. M. C. A., the Y. W. C. A., the K. of C., the Jewish Joint Distribution Committee, the Quakers and still other organizations all co-operated in the effort to put into the hands of the American Relief Administration the funds, of which \$9,000,000 is now free, for speedy aid to the sick and the children of Russia. A continuing cooperation should now be assured, in order that what is given may be as the united gift of America and may reach Russia with no other mark of interest or purpose upon it than that stated in the "treaty" to "bring life to the famine-stricken area."—New York Times.

NOTES and COMMENT

The dove seems to be circling near with the olive twig. The men in the building trades are going back to work after being out sixteen weeks, and "Dublin believes peace will last." There are still some that are not tranquilized, but the outlook is more hopeful than it has been in seven years. The world appears to be coming to a realization that it has had an over-plenty of war and turmoil.

There will be no disposition here-away to twist the fact that snow fell near San Bernardino on Saturday into propaganda against that part of the State. If a mutual spirit is suggested by this forbearance the snow may not have fallen in vain.

The list of automobile accidents Monday morning seemed longer and a little more distressing than the usual weekly roll. There appears to be no way of reducing the dreadful toll. The fact is reasonably apparent that many accidents result from Sunday outings by those not over-familiar with driving, and who take no cognizance of the dangers that lurk in crowded highways. There is no way of safeguarding those who do not recognize the dangers inseparable from automobilizing.

Hightower has receded in the publicity mediums and Spencer has gained. The latter has rather the opportunity to hold his position in the spotlight, which seems to persist in picking out some incident or personage to glare upon.

So many accounts appear of policemen firing at prowlers, marauders and criminals caught in the act, without result, that the wonder is that more attention is not paid to pistol practice. Here is an account of three Chicago robbers looting safely vaults and though having become "stewed" on one kind of loot that they found, getting safely away though twenty-five patrolmen and detectives fussed them. The advantage that one sure aim would have been readily seen.

"Railroads explain increased earnings." Lest the wrong idea is deduced, it is explained that the increase is due to "postponement of expenditures that must be made if the roads are to be adequately maintained."

Congress goes into recess with the political plums still hanging high. Only a few inconsiderable specimens of the fruit, the general ripening and dropping of which an eager phalanx has impatiently awaited for six months, have fallen. Fruitgrowers have a name for growths that do not come through normally. It is "stick-tight."

The Richmond Record-Herald explains it: "Since Postmaster Hays says there are millions of dollars hidden away in the stocking legs of the country, you can now figure out just why it is that men are taking such an interest in the grand national hosiery display."

The Kaiser's comment, "God help the Fatherland," might be taken as an acknowledgment that he has abandoned his claim of responsibility, which he was credited with assuming in those other days. It is no longer, "Me and God."

The restaurant man who advertised for waitresses with white teeth has stirred up the paragraphs from one end of the country to the other. It may be something new to stipulate that waitresses shall have presentable teeth, but when they are thus equipped they are certainly more appealing to the patrons whom they serve.

From the accounts it is difficult to say whether that Oklahoma Congressman who wrote letters to girls is a Don Juan or just a boob. It would seem certain that he will have a constituency to reckon with in either case.

TRUTH OR FICTION?

Dr. John J. Tigert, United States Commissioner of Education, wants a new kind of history teaching. He is not the first to charge international misunderstanding to propaganda misquoting as history, but he is particularly outspoken about it. Just what he thinks might be done to our history courses in detail he did not say when he addressed the New Jersey teachers at New Brunswick last week, but he intimated that he wants school histories that tell the truth even when it is disagreeable rather than those that perpetuate cheerful fictions. He asked for history books that, regardless of where made and used, will tell the same story of Chancellorsville and Appomattox, Sumter and Sherman; histories that will enable Americans and Canadians alike to recognize the encounter that goes under the name of Lundy's Lane; texts that describe accurately the chaos that followed the American Revolution, instead of glossing over "what Fiske truly termed 'The Critical Period.'" This is a high ideal. In attempting to reach it authors and publishers will run up against narrow-minded school boards. But it is an idea worth fighting for.—New York Evening Post.

SPIRIT OF THE STATE PRESS.

When a young man Henry J. McCoy was persuaded by Dwight L. Moody, the great evangelist, to leave the East and locate in San Francisco to continue in the Western metropolis his work as a Y. M. C. A. leader. For forty-nine years McCoy was secretary of the Young Men's Christian Association in San Francisco and last Friday, at the age of 76, passed to his reward. He did a remarkable work, lived a life worthy of emulation and died loved and honored by thousands of people.—St. Helena Star.

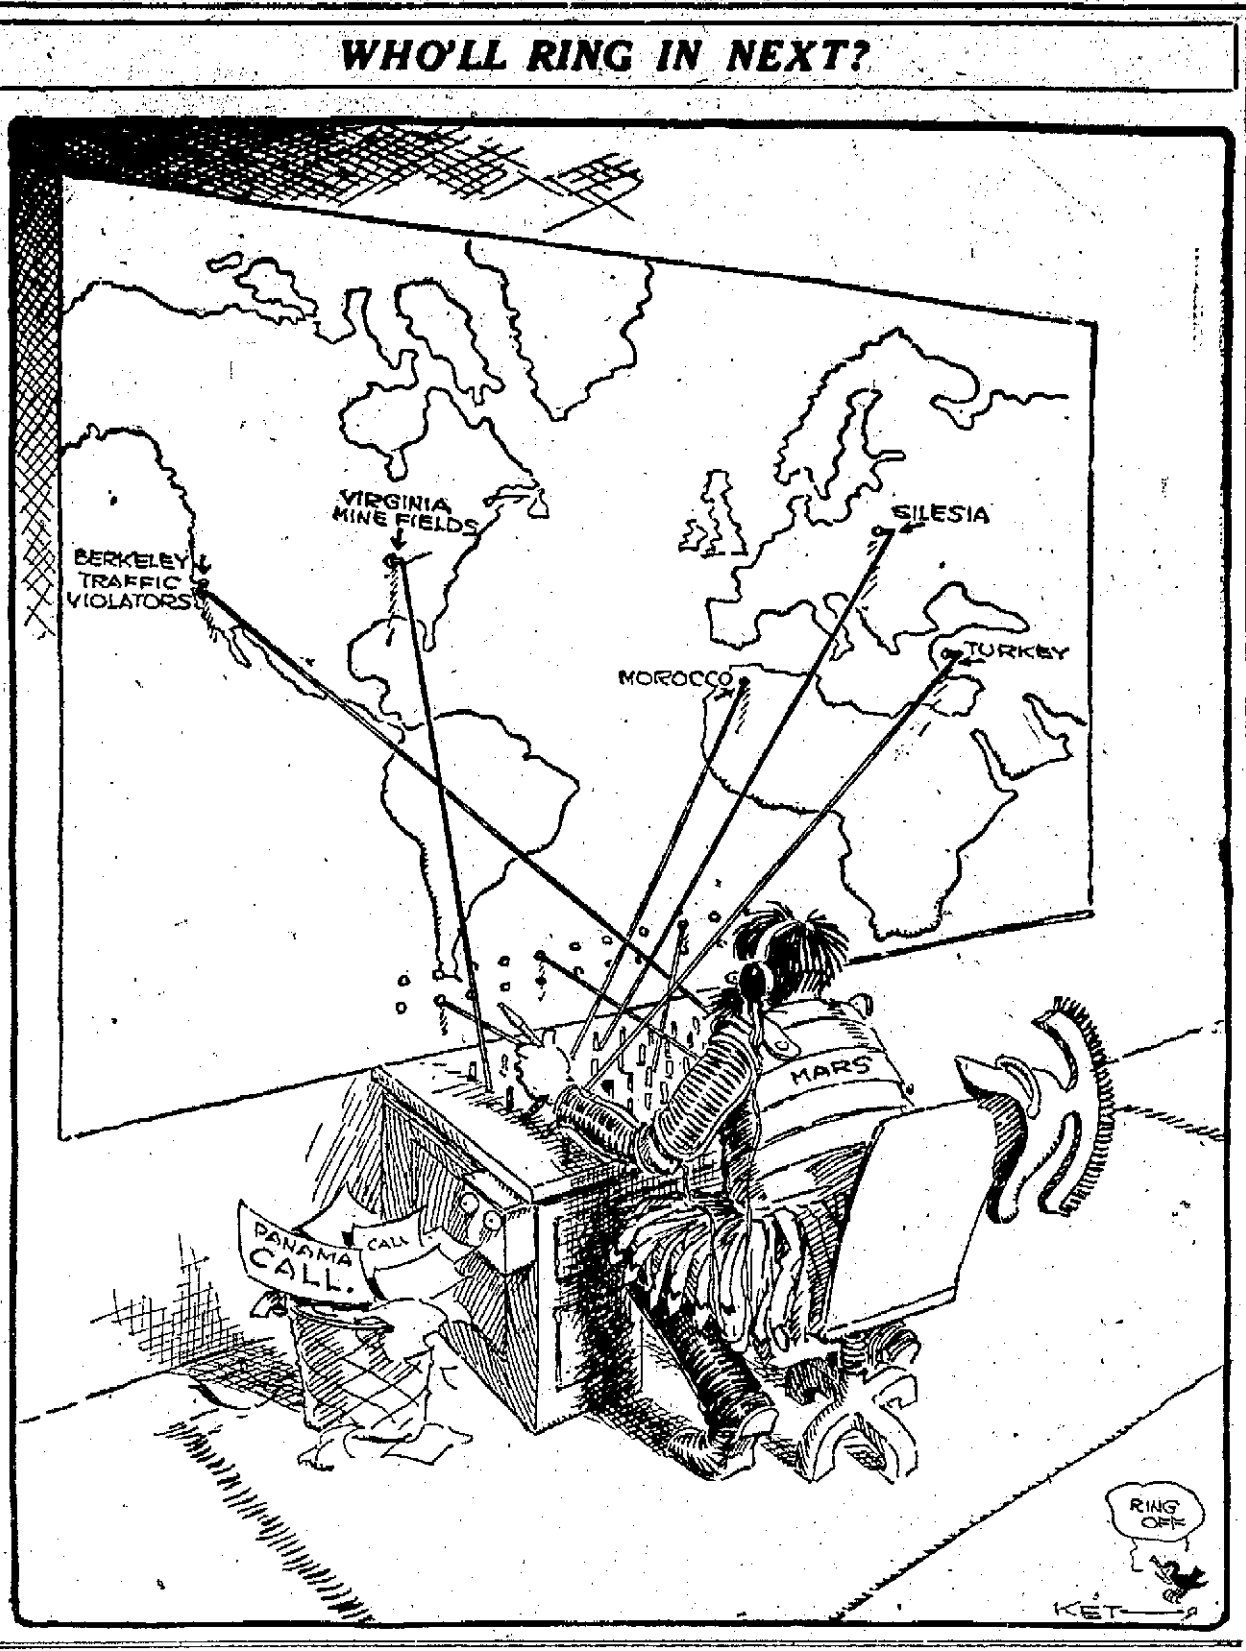

W. D. Wood has resigned as postmaster of Paso Robles, an office he has held for seven years. In that time the office has doubled in business, but he has not been allowed adequate increase in his office force. He has struggled to give efficient service, and has largely succeeded, but has finally decided to retire. Under the order recently issued by President Harding, an examination will be held for the position, the successful applicant receiving a life appointment under the civil service.

In the old days the Southern Pacific company seemed to be able to overcome all opposition and maintain practically a monopoly of the transportation field. Now even a minor bus or hump the cars off the track, and before an electric line the S. P. seems quite incapable of meeting the competition.—St. Helena Star.

The world no longer needs new ideas. It is suffering dreadfully on account of the dearth of old fashioned ideas comprising and comprehending morality, common sense and industry.—Willows Journal.

The carpenters of Watsonville have done their part in valiantly reducing their scale. Now if a proportionate reduction is made by the supply men, and especially by the lumber dealers, we ought to have quite a building boom here.—Watsonville Register.

WOMEN'S SECRETS.

There's scarcely a woman in existence who can visit the hairdresser's and avoid telling the whole story of her life to the assistant who is giving her a shampoo and hair wave. Even a simple cut and singe often induces the most reticent woman to yield up the carefully guarded secrets of a lifetime.

"Every woman knows that she can find it in her heart to forgive a man for many sins—she might condone larceny, think lightly of arson, or even excuse murder; but she will not extend even a death-bed pardon to a man who waves his hair by artificial means."—From "Educating Ernestine," by Florence A. Kilpatrick.

THE JESTER

Deadly Dull.
The physical culture teacher of a small Indian college was giving a lesson to his class and happened to give a neck exercise, which consisted of bending the neck until the head almost touched the shoulder. But some of his students did not bend far enough to suit him.

"Get some pep into you," he exclaimed. "This is a simple exercise, just to put your head on your own shoulder."
Several of the students giggled and the teacher looked surprised. Then one exclaimed:
"Yes, it's easy enough, professor, but decidedly uninteresting—to put your own head on your own shoulder."—Indianapolis News.

And the Romance Ended.

It happened in grandma's day that a young woman at a party lost her glove. The finder was a wealthy old bachelor named Page, and he returned it to her with the following note:
"If from your glove you take the letter 'g,' that glove is love and that I have for thee."
To this the young lady replied:
"If from your name you take the letter 'P,' then Page is age and that won't do for me."—Boston Transcript.

Obtain YOUR HEALTH
Why Don't You Become An Aristocrat of Health?
By ROYAL S. COPELAND, M. D.
Commissioner of Health, New York City.
When we hear someone speak of "the aristocracy" we think of the aristocracy of birth or of wealth. We think of "princes, potentates and powers."
How much would the many millions of any of the colossal fortunes of America mean to an heir who must die of some dread disease at 21?
An aristocracy founded on such penalties would not appeal to any of us.
But health! Who doesn't aspire to this aristocracy?
Aristocracies carry the idea of inheritance and the transmission of privileges and emoluments. It takes more than one generation to make an aristocracy. Conferred a title on a dirty, ignorant tramp will not make him an aristocrat. Giving a million to an imbecile will not make him a captain of industry.
In this respect, the aristocracy of health is not unlike the other aristocracies. The health of an individual must begin a generation or two before he is born.
Weak parents beget weak children. If your parents were physically defective you may not hope to be an aristocrat of health.
But if you cannot be an aristocrat yourself you can find a dynasty of aristocrats. You can overcome your inherited weakness. Develop your body, select a healthy mate, and look forward to a line of strong and vigorous descendants.
Every parent is ambitious for his children. Where is the father who has not denied himself and his willing wife in order that something might be set aside against that day when their son shall come of age? This is as natural as life itself. It is the inborn ambition of many a parent to have his child break into the aristocracy of wealth.
Without health, everything else is valueless. "What shall it profit a man if he gain the whole world and lose his own soul?" What shall it profit a man if he acquire a million and marry a princess if he lose his health and die in his youth?
In the nature of things the aristocracies of birth and wealth are limited in the number of those who can belong. But the aristocracy of health is one to which every one of us can aspire.
Each child should be taught the sacredness of his body, its importance to him, its value to the state. The motto of the aristocrat of health is:
A sound body to carry a sound mind.

CHARTER OF MERGER TO BE PRINTED

Tribune and Enquirer Designated By Supervisors As Papers of Largest County Circulation Defined By Law

In accordance with the provisions of the law, the supervisors have passed a resolution authorizing the printing of the tentative charter for the proposed city and county government. As the two papers of largest general circulation in the county, the board designated the OAKLAND TRIBUNE and Oakland Enquirer.

Notwithstanding the fact that two papers in Oakland have a general circulation as well as a city circulation, the law also requires that the charter be printed three additional times in Oakland alone. Realizing that this clause was of the nature of a technicality, the Oakland Enquirer agreed to run the charter in its columns for three extra insertions.

OTHER PAPERS.
Another provision of the law is that the charter must be printed in one paper in each of the incorporated towns of the county, which will mean that papers in the following cities will run the charter provisions in one issue:

Livermore, Pleasanton, Hayward, San Leandro, Albany and Piedmont. There must be three insertions in newspapers in Berkeley and Alameda.

The law also requires that there must be 15 per cent more copies of the charter printed in pamphlet form than there are registered voters in the county. It is estimated that 180,000 pamphlets will be needed.

BOUND BY LAW.
In arranging for the printing of the charter the supervisors were bound by provisions of law which, if slightly disregarded, would invalidate the election. It is made specific that two newspapers of general circulation in the county must be used as well as the papers in the various municipalities.

Realizing the utility of the whole city and county consolidation movement, which has advanced the county over \$100,000, both the TRIBUNE and the Enquirer have accepted a rate lower than the heretofore prevailing county rate and lower than regular commercial rates.

FEW PROTEST JUMP IN VALUE BY ASSESSOR

BERKELEY, Aug. 30.—Although the city advanced its assessment value \$5,000,000 this year, but two complaints were received by the council, sitting as a board of equalization.

The equalization board concluded its sessions yesterday, after having met every morning for the past month. Of the two protests, one, that of the Skull and Keys Society of the university, was withdrawn when an explanation was made of the city's shortage of funds, while the second protest failed to make an appointment after filing written complaint.

In order to raise funds for municipal purposes under the dollar limit, City Assessor Harry J. Squires based taxation on 70 per cent valuation of property this year instead of the usual 60 per cent.

The tax rate for the year was fixed at \$1.53, same as last year, as follows: General fund, \$1; library, 10 cents; schools, 35 cents; sinking fund, 13 cents.

The rate in newer and annexed sections will be: Claremont, \$1.67; Northbrae, \$1.56; Claremont and Thousand Oaks, \$1.44.

U. C. Women Students to Sell Tags Tomorrow to Pay Swimming Pool Debt

\$1800 Sought To Help Defray Expense of Installing Heating System.
BERKELEY, Aug. 30.—Let's swim! Women students at the university will make this appeal tomorrow to the entire campus population with the holding of a "tag day" to raise funds to pay for a heating system for the women's pool in Hearst hall.

As an appropriate indicator of the progress of the fund-raising drive, a monster thermometer will be erected near Wheeler hall, where the campus will be kept informed of the results of the women's activities.

Twenty teams of students supplied with tags will begin work tomorrow morning on the campus. A goal of \$1800 has been set by the women to help liquidate a \$5000 loan made by the regents. Miss Helen Taylor will lead the tag day workers, among her assistants to be: Mrs. M. B. Knight, instructor in swimming at the university; the Misses Eileen Murphy, Dorothy Osborn, Eleanor Burks, Rita Benedict and Martha Winslow.

ANCIENT SONGS ON TENOR'S PROGRAM
BERKELEY, Aug. 30.—Music typical of France in the 15th and 16th centuries will be interpreted in Wheeler hall on Thursday evening by Antoine de Vally, Belgian operatic tenor who will appear under the auspices of the Greek theater.

De Vally is remembered by music lovers about the bay as the director of the De Vally-French Opera Company at the Savoy Theater in San Francisco in 1917. CONTRACTORS ARE ANXIOUS TO SPEED UP

Employers Would Hasten Work In Order That Places May Be Found For Men As Soon As It Is Possible

Efforts of contractors, union men and material dealers were centered today toward a hastening of the newly resumed building program to the end that all of the men may be back on the job with as little delay as possible. It is expected that a large number were placed yesterday and that hundreds more found work today.

Because it is necessary for contractors to assemble material, hire men, and take up the work again where it had been stopped, there is some delay on a number of the building jobs. It is expected, however, that within a week the program will be under way in full swing and that by the middle of September a great amount of new work, held back because of the tie-up, will be started.

TWO MONTHS TO NORMAL.
Two months will be necessary to put the San Francisco program back into its swing, according to officials of the Builders' Exchange and of the Building Trades Council.

"It will take some time to get all of the building material moving," said W. H. George, president of the Builders' Exchange. "Many other plans that enter into the building business will have to be moved into place so that all departments can function properly."

Members of the "rank and file" committees say that their organizations will be perpetuated and that they will continue to protect against the American plan, although they are agreed on the plan to return to work. A special committee of the Alameda County Building Trades Council, named to investigate the "rank and file," will report at a meeting to be held on Tuesday night. The committee is headed by Michael McLaughlin. A recent statement issued by the "rank and file" is to be the subject for a large portion of the report.

BRICKLAYERS HOLD OFF

In San Francisco the bricklayers are the only ones not at work today. San Mateo reports that normal conditions will be reached in two weeks, and other places hereabouts agree that within a very short time the program will be resumed in its entirety.

In a statement issued by the Builders' Exchange through W. L. George attention is called to the end of the tie-up and the men are invited to report any instances of injustice that may arise. The statement says: "The door of the conference com-

MRS. ZEPADA CONFESSES FIRING HOME

According to Story Told Police Woman Plied Torch in Effort to Eject Niece and Husband From Alameda House

ALAMEDA, Aug. 30.—Mrs. Catherine Zepada, 2806 Van Buren avenue, has confessed to the police to having set fire to her house Saturday night in order to eject her niece, Mrs. E. Walker, and her husband, who were occupying the place.

According to her story to the police, Mrs. Zepada states that she had endeavored to have the Walkers move out without avail. Thirty-day notices were unobserved, so finally she determined that if she was to have no say in the running of her own home, no one else would. So she set fire to the structure while the Walkers were away.

The confession was made to Lieutenant George Daly and Detective Bert Conant. The woman is being held in the Detention hospital pending a decision of the police as to whether to file a charge of arson or not against her.

The house was damaged to the extent of \$2000. According to the police, there is little they can do in pressing the charge unless Mrs. Zepada attempts to collect the insurance. The house was insured for \$2000 and furniture belonging to Walker at \$1000.

Texas Scholar Will Lecture in Berkeley

BERKELEY, Aug. 30.—A plea for an international language to provide a common meeting ground for all people will be urged by Albert Leon Gueraud, professor of French in Rice Institute, Houston, Texas, in a lecture tomorrow night at 8 o'clock in Wheeler auditorium.

Professor Gueraud was one of the members of the summer session faculty at the Southern branch of the University of California at Los Angeles. The public is invited.

CHURCH OF GOD FORMED

WATERLOO, Ia., Aug. 30.—Temporary organization of the Church of God has been formed here. It was announced today. Twenty-two states and provinces are represented at the meeting.

Minutes of the Builders' Exchange will always be open and any and all cases of any employer taking advantage of present and future conditions should be reported at once.

Men Again In Majority At College

BERKELEY, Aug. 30.—Men are in the majority again at the university. New men undergraduates registered this year have risen to 53 per cent of the enrollment, as compared to 50 per cent last year, official figures show. In 1915 the percentage of men was 51.5; in 1916, 50.15, and in 1917, 44.7.

The total number of new undergraduates registered, 2594, represents a loss of 12.4 per cent as compared with last year. The total number of graduates and undergraduates now registered is 9471, as compared with 9455 for the same period a year ago.

No marked change in the number of non-resident students has been noted. "On the basis of present returns," said James Sutton, recorder of faculties, "there is apparently little or no change in the percentage of non-resident students. This factor for non-resident students has appreciably affected the number of new students drawn to the university from other states and countries."

AUTO, BICYCLE STOLEN

ALAMEDA, Aug. 30.—J. Barker, 1523 One Hundred and Fifth avenue, Oakland, reported to the police this morning that someone had stolen his automobile, Frank Trento, 928 Taylor avenue, left his bicycle standing at Tenth street and Encinala avenue last night. It was stolen.

INGERSOLL GOES TO AUTO THEFT WORK

Identification Expert Gives Up Job in Police Department to Manage Bureau of Underwriters' Association

BERKELEY, Aug. 30.—Acceptance of the position of manager of the third bureau of the Pacific Coast Underwriters' Automobile Association by Francis L. Ingersoll caused him to present his resignation from the police department to the council this morning. It will take effect on Thursday.

Ingersoll is rated an identification expert. He has been associated with the police department for ten years. "Berkeley" is a training school for experts. Constable Charles D. Heywood commented in regretting the resignation of Ingersoll. "Other clubs and organizations take them away from us because we are not able to meet the salaries which are offered elsewhere."

E. M. London, former member of the department, who resigned some months ago because of ill-health, was reappointed to succeed Ingersoll. Patrolman John M. Rhodes was classified as automobile patrolman, and E. A. Ables was promoted from substitute to regular patrolman.

Daily ALMANAC

By Ad. Schuster

TUESDAY, AUGUST 30.

In days of old "The Portfolio" was a famous magazine. It was founded by Joseph Dennie, who was born on this day in 1768. George F. Root, the man who wrote the music for the "Battle Cry of Freedom" and "Tramp, Tramp, Tramp," etc., was born in 1820. In 1782 a preliminary treaty with Great Britain was signed at Paris.

SAFETY FIRST.
Two gentlemen from London rode
Upon a motorbike,
They putted up to Putham Way
And tumbled down to Tyke.

One looked the cycle over
And observed, "You know,
I find
We'd ride with less disturb-
ance
Without that pipe behind."

The other said, "I quite agree
And for quiet to insure
I urge we take a badly plug
And cork it up secure."
And so they corked up the
exhaust
And rode away with glee
Until they found themselves
Impinged
On branches of a tree.

The moral is, unless you
KNOW,
Don't touch machinery.

A Chico pastor has been
hounded for chewing tobacco.
How could he expect to rate
as a preacher?

The loud rasping noise in
the East is Congress taking a
well-earned rest.

A lot of folks will be glad
to hear that there is to be no
war over the Coto district, for
that would involve the neces-
sity for study sufficient to
ascertain what and where the
place is.

THE REASONS ARE SOUND.
Let's each of us buy a wooden
ship
And sail the western tide,
For wooden ships are very
cheap
And the sea is very wide.

And among these who are
to take most prominent part
in a tag day at the University
of California will be, quite ap-
propriately, the Willis von Tagen.
A newcomer to the Univer-
sity of California faculty is
writing a series of papers on
"The Repercussions of Recent
Psychology on the Field of
Idealist Philosophy." Wouldn't
it be the hospitable thing to
do to lend him a helping
hand?

The very next repercussion
we find around the house we
are going to tote right out to
Berkeley that he may exam-
ine it.

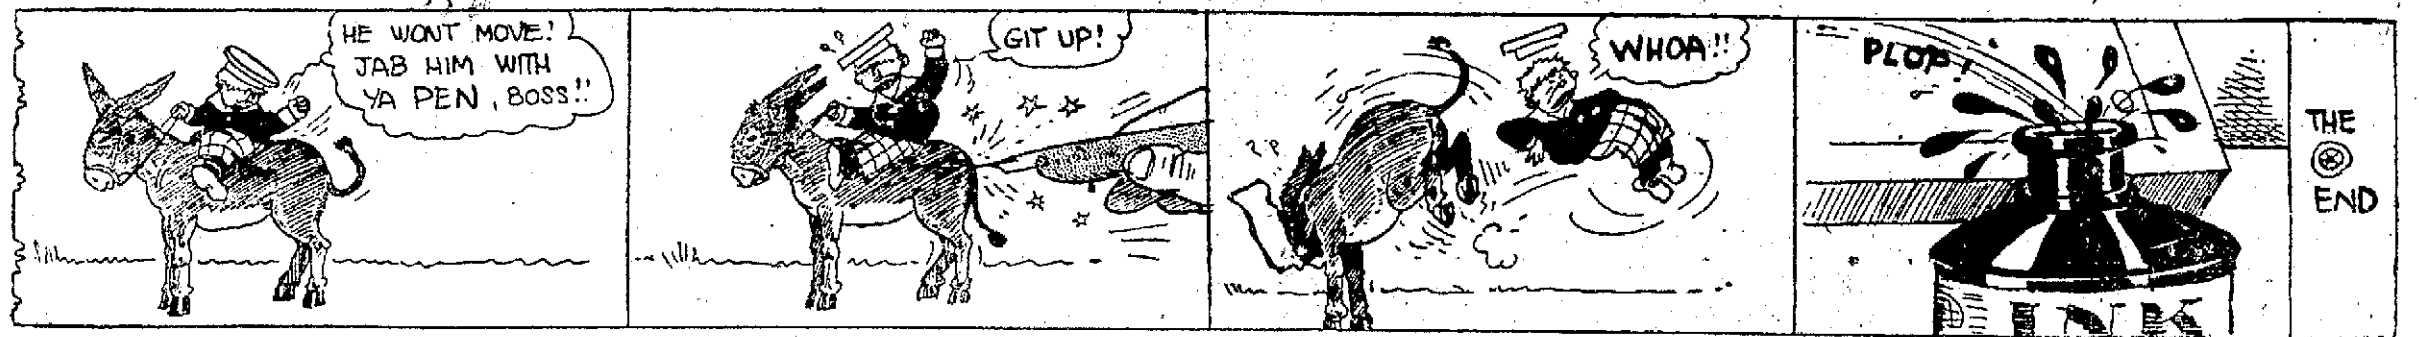

Dry sentiment in the United
States is waning, according
to Congressman Julius Kahn.
Maybe he means Wayne B.
Wheeling.

For punishment that swin-
dio syndicate should be forced
to pay the war debt.

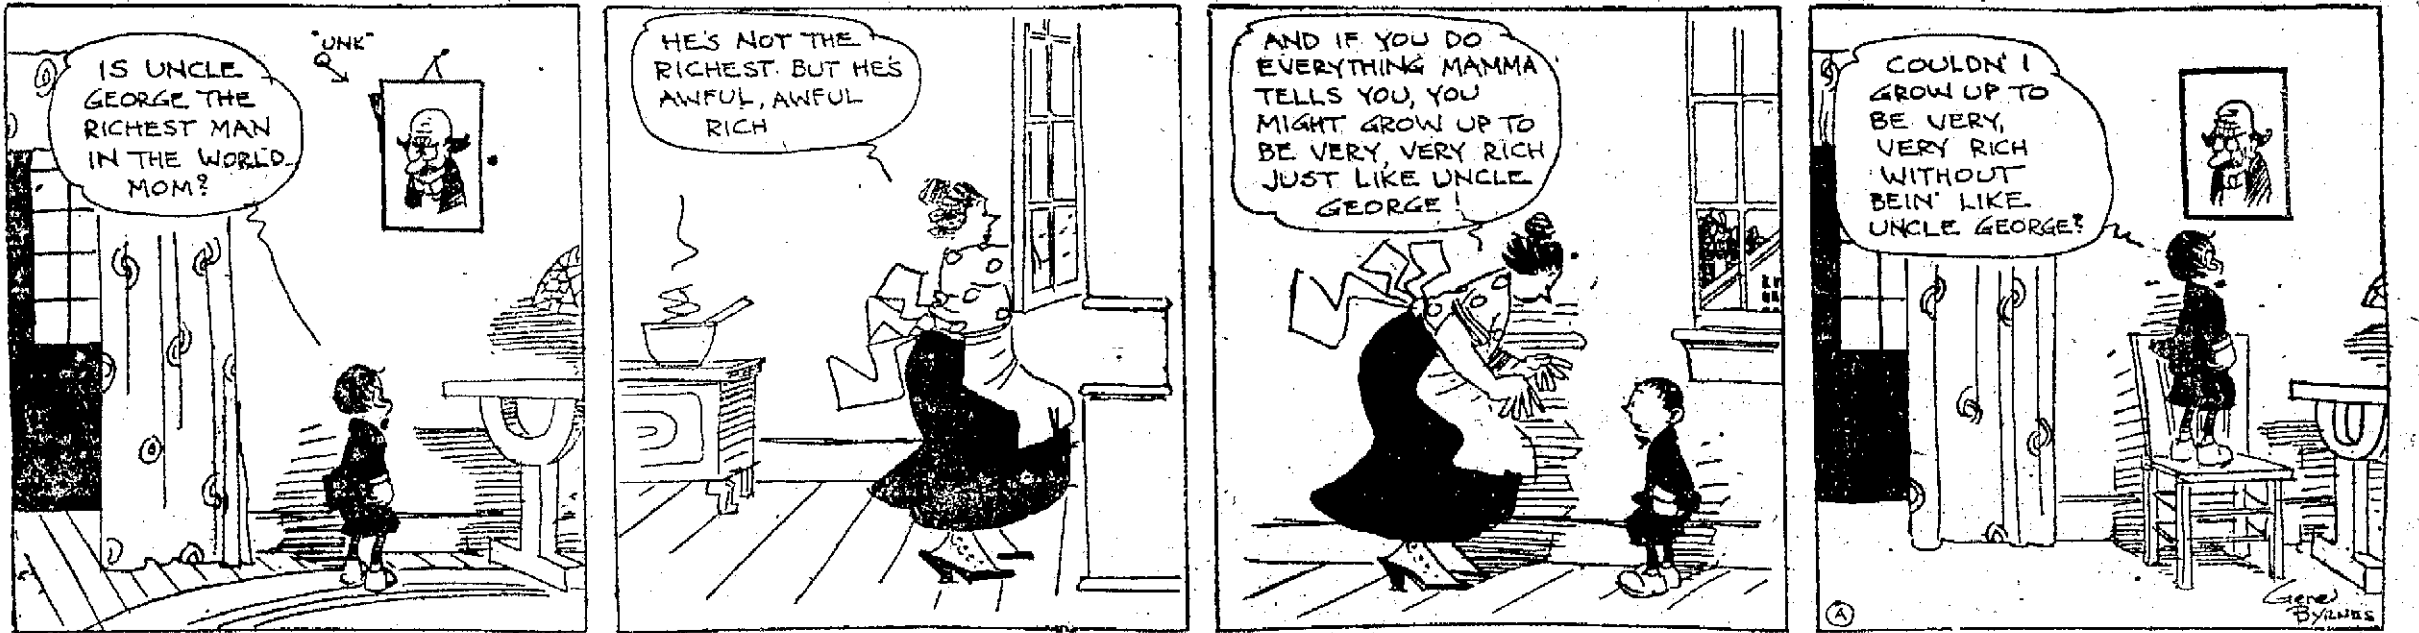

Details of the fifty million
bunco game operated by the
syndicate would put the efforts
of Ponzi in the most remote
forest recesses. In their light
it may be said that Funzi lived
and leaved in vain, for to him
is denied the consolation of
having set a warning example.

TRIBUNE BASEBALL LEAGUE WILL BE ORGANIZED TONIGHT

PROMINENT ATHLETIC ORGANIZATIONS WILL STRIVE FOR TEAM PRIZE IN TRIBUNE RACE

OVER SIXTY CLUBS ARE SEEKING PLACES IN THE TRIBUNE LEAGUE

Devine's Calgary Club Has Won 13 Games in Row in Canadian League Flag Fight.

By EDDIE MURPHY

With the list of applications for berths in The TRIBUNE Midwinter League over the sixty mark, tonight will see the biggest gathering of husbub managers in the history of the bay section. Yesterday a list of fifty-eight names of clubs and their managers who had applied for places in the league was published, but five other applications were turned in by league directors who had received them from managers some time Saturday. In order to have everything in order for the opening of the league in October, a meeting will be held tonight at The TRIBUNE for the Class-A and B managers, and it is hoped that both those divisions of the league will be organized before its close. The sporting department and the advisory board will find a difficult problem trying to place the thirty or more teams who have applied for Class-B berths, but special effort is being made to care for every team.

Only managers of teams who have applied for places in the league will be permitted to attend the meeting tonight and they are advised to be on the job not later than 8 o'clock. A new set of rules and bylaws will be offered to the managers tonight. The league of all players who have been under contract at least three months in a league associated with the National Association of Professional Baseball Leagues has made quite a hit with the young athletes and that probably accounts for the large number of applications.

William Crosby, manager of the Oakland Native Sons, was the first to arrive last night that he had decided to retire as manager of that team so the reins can be passed over to Jerry Gerlach, who has managed the Oakland Elks in the Northern California Elks League. Crosby will continue to manage the team until the league is organized and then will continue to wear an Oakland Native suit.

Jake Croter Offers His Services To TRIBUNE.

Jake Croter, umpire in the Pacific Coast League, dropped a few lines from San Francisco to his services to the TRIBUNE Midwinter League. It was in the TRIBUNE League that Croter got his start as a "guy" and he likes to mingle with the little hushers even more. Jake wishes the TRIBUNE league success and hopes that it turns out many more youngsters such as it has in the last years.

More than a month ago he was hit on the shoulder by a foul tip and it was not until a couple of weeks ago that he discovered he had a bone broken. He is now unimpairing while his arm is in a cast. He is now a "guy" and he likes to mingle with the little hushers even more. Jake wishes the TRIBUNE league success and hopes that it turns out many more youngsters such as it has in the last years.

Joe Devine May Become Scout For Cincinnati.

Joe Devine's Calgary club may not have to play a post series in order to win the championship of the league. The Cincinnati Reds, who won the first half of the race after a great finish, and in the last three weeks of the season, have been in the second half championship his club hoped from fifth to second place.

Both Hanford and Bakersfield failed to make good on the money bet that the Visalia team would win the Valley League and today the Visalia club was a sure bet for first place, but holding a bigger lead over their rivals, than they did last Sunday. Hanford came very close to pulling Visalia out of the lead, but Visalia went to bat in the ninth inning, but the inning closed with Visalia on the mound and Hanford on the bench. Hanford gave up a run in the ninth, but Visalia scored two runs in the ninth, and won the game.

Alameda Elks Give Alameda Brothers A Fine Trimming

The Oakland Elks defeated their brothers from Alameda by a 9-to-0 score. Worthman, who opened for Alameda on the mound, got off to a bad start three walks, a single and a triple, sending him to the showers. Brewer, who went in then, pitched a nice game.

Record Crowds Will See Final Matches

The greatest crowd that ever attended the challenge round of the Davis international cup tennis play will be on hand at Forest Hills when the runners up tackle the Americans on September 2, 3 and 5. This is a sure bet, as the Americans will be playing for the title, and the crowd will be large.

Ed Fitzsimmons Too Fast For Mitchell

BOSTON, Mass. Aug. 30.—Eddie Fitzsimmons, New York lightweight, defeated Thelmy Mitchell, Milwaukee, in a ten-round bout here last night. Mitchell was way off form.

SAN FRANCISCO Y.M.C.A. WILL TRY TO TAKE SPECIAL CLUB TROPHY

All Entries Must Be Filed At TRIBUNE Not Later Than Next Saturday Night.

By DOUG. MONTELL

And now the battle is on. For a time it looked as though Bud Kearns' Oakland Y. M. C. A. runners were to have the field to themselves as far as the competition for special Y. M. C. A. trophy in the ninth annual TRIBUNE Merritt Marathon was concerned but this morning's mail produced plenty of competition for the Oakland red triangle runners. Yep, you guessed it, the San Francisco Y. M. C. A. has tossed its hat into the ring with two of its crack runners and more are to come. Edward Kahler and C. B. Taylor are the first two runners to enter from the transbay Y. M. C. A. and indications point to even a larger entry list from that organization than from the Oakland "Y."

All of which adds to the fun of picking a winner in the Y. M. C. A. division for the first "Y" runners to enter. Since the first announcement was made last week, Kearns' team has been making a name for itself. His team would include Harry Hooker, Percy Gilbert, Leonard and other well known stars. There has not been a word heard from the foxy Oakland coach. Maybe he knows something about holding back the entries for his full team is working out every runner in the division, and unless the San Francisco and Oakland "Y" boys keep right in training up to the date of the race there will be a lot of "Y" runners in action vouches for the fact that it will be the strongest team that has ever entered the Merritt Marathon. The "Y" boys have been in a TRIBUNE Marathon, and past records show that the "Y" has the highest rated up among the top notchers.

Berkeley, San Jose "Y" Will Also Seek Trophy.

And there are others yet to follow. Director Pease in Berkeley has plans all laid for producing a winning team in that division, and unless the San Francisco and Oakland "Y" boys keep right in training up to the date of the race there will be a lot of "Y" runners in action vouches for the fact that it will be the strongest team that has ever entered the Merritt Marathon. The "Y" boys have been in a TRIBUNE Marathon, and past records show that the "Y" has the highest rated up among the top notchers.

Ten Days More and Race Will Pass Into History.

Remember, September the 3d is the date set for the placing of the prizes for the ninth annual TRIBUNE Merritt Marathon. The boys only have a few more days to wait now until they will be able to get their first look at the big prizes and trophies that will be awarded the winners and teams that qualify in the big division. The color of the race last year was the mail brought in the entry of Morton. The last year's winner was the mail brought in the entry of Morton. The last year's winner was the mail brought in the entry of Morton.

GOLFERS GATHERING AT DEL MONTE IN PREPARATION FOR ANNUAL STATE CHAMPIONSHIPS

TOMORROW'S WINNER WILL GET ANOTHER BATTLE NEXT WEEK

Williams or Borba Will Meet Roberts or Burns At the Next Auditorium Scrapfest.

By BOB SHAND

The Messrs. "Red" Williams and Henry Borba have trained themselves into great shape for their return engagement at the auditorium tomorrow night, and if the chatter around their respective camps is to be believed both are ready to tear in and pull some of the well-known do or die stuff. Borba claims he took Williams for something easy last week and did not put up his usual battle. Williams says he really thought Borba was tough until he started arguing with him last Wednesday and now he KNOWS he can lick the man from Crows Landing. The boys had been telling "Red" about what a hard bird Borba was, and how he had been knocking 'em all out. "Red" hearkened to the chatter and went into the ring prepared to box carefully. He did that little thing but tomorrow night he is going to take a chance and mix with the Borba boy. That means a battle.

In addition to receiving the plaudits of the customers and the diamond medal offered by Mister Simpson, the winner of the main event tomorrow will be assured of another handsome trophy the following week. Mr. Simpson has arrived at the conclusion that his clientele likes middleweights, so he is going to stick the victor in the main event against the gent who cops the honor in the semi-final. If one of them scores a decisive victory there will be another good middleweight bout the following week. Roberts held the Borba boy to a draw a pair of weeks ago and over in Alameda the fans think Joe can rock Borba to sleep if he is rematched. Simpson has been requested by a delegation of Alameda folks to give their favorite fighter another chance with the Crow's Landing boy and they will be accommodated, providing Roberts gets by in good shape tomorrow. In Burns, Roberts is meeting a clever boy with a nice left hand. The "sharks" thought Soldier Day would knock Johnny for a goal last week, but Burns kept sticking a left hand into Day's face until the soldier got all turned around and started to box backwards.

Tommy O'Leary, a young man from Sacramento, will make his local debut with Spec Ramies on the other end of the bout. O'Leary comes well recommended, but so does the Ramies boy. The customers know what little Spec can do while the other gent has not shown his wares here yet.

Johany Nunes And Bat Larson Again.

Johany Nunes and Bat Larson are back for a return engagement. They stepped four rounds to a draw last week and, of course, both thought the verdict was the bunk. Nunes says he never won a fight further than that one and Bob McAllister puts in with him. Larson could not understand why he did not get the decision. The customers thought the decision was the right thing and if they put up the same kind of a

Berkeley Golf Club Attracts New Members

Course Rapidly Being Put in Shape; New Road Is Opened.

BERKELEY, Aug. 30. — That the recently completed golf course of the Berkeley Country Club is continuing to grow in popularity and that constantly increasing numbers are playing is the statement of Secretary Charles A. Ferrin of the club. In speaking of activities of the new course, Ferrin says the reason for better attendance on our greens is because so many of our new members are proving their game by taking lessons from our professional, Dan Brown, and then one course, which was formerly laid out, has been developed. Another thing which helps is the season of delightful weather that Berkeley has been blessed with during the past month. On Saturdays and Sundays our course is full of members and the club house on week days as early as 9 o'clock, play a round, get home to breakfast and are at their desks by 9 o'clock. The women take the play less seriously, and are not so strenuous.

We have had as visitors a number of expert players from other clubs and a few from different states, and the course is being played. "Opening the road by way of Arlington avenue extension has made the trip to the club house very easy, occupying only about 12 minutes from the center of Berkeley. Following are the directors of the club: F. G. Athearn, J. F. Brooks, William Cavalier, E. M. Downer, A. E. Hochenberger, Robert Hunt, James B. Keister, E. P. Loudock, W. Nowkirk, Vernon Porter, Frank

Deer Are Plentiful In Sierra Section

SACRAMENTO, Aug. 30. — With the approach of the deer season, September 1, in the Sierra section, deer are more plentiful this season than for many years in the National Forest, a short distance to the east of Sacramento, and motorists planning a tour of California after September 1 should bring their guns. A prominent New York financier, spending a period of recreation in the Sacramento section, had an unusual experience—seeing nine deer come into the forest camp at which he was a guest. He had planned a deer hunting excursion, but after such an experience he now plans on testing his skill as a hunter on bear and mountain lion.

WILLARD A JUDGE LEAVENWORTH, Kans. Aug. 30.

—Jesse Willard, former heavyweight champion, acted as judge at a boxing contest here in which Ed Walsh, who claims the middleweight championship of Missouri, was knocked out by Ed Warner of Leavenworth in the third round of a scheduled ten-round match.

Left Handed Pitchers Are Good Winners

Couch Lost Two Games Last Last Week, But Managers To Keep in Lead.

Johany Couch, the big right handed chucker of the San Francisco Seals, still the best winner in the Coast League, although he met with two defeats at Sacramento last week, Couch has won 21 games and lost eight. Reinhardt of the Angels is next to him, but he will hardly be counted among the regulars unless he gets in and pitches some full games pretty soon. He has held ten wins and four defeats for a couple of weeks. Ed (Lefty) Quinn has a record at Sacramento, winning two games, and he now has 19 to his credit. The lefty has been the best pitcher in the league since he added his nineteenth win last week, and lost but one more game than O'Leary, with 12 wins and 4 defeats. The southpaws are meeting with much success this year. Buzz Arlett of the Oaks is again being the star.

IRVINGTON GETS NEW FACTORY OF REID BROTHERS

Immediate Construction Work Announced; Hundred To Be Employed.

Immediate construction of a new factory to house the Reid Brothers' factory where hospital equipment will be manufactured, is to start at Irvington before the end of September, according to Maurice L. Reid, of the company.

The company, which has been engaged in business operations preliminary to its removal to the main side of the bay, has purchased five acres near Irvington as a site. The new factory will have 75,000 feet of floor space and will start with an operating force of 100 or more.

The Reid Brothers' business was started in San Francisco where the company's headquarters have been located on Front street in San Francisco.

The new Irvington plant will be the main plant. It will be surrounded with several community social features and will be given employees in building or buying homes, it is estimated.

PACIFIC FOOD PRICES AND WORLD'S COMMERCE

FIRST HUBBARD
SQUASHES COME
TO MARKET HEREPrune Growers Recover From
Old Gloom; Eggs in
New Jump.

Following the initial delivery of pumpkins from the river, first Hubbard squashes today were in the stalls at the Oakland produce market. The big squashes sold at from \$1 to \$1.25 a bag and met a somewhat novel reception than pumpkins. Both, however, are still market novelties and will not become staple articles until mid-September.

Market men buck from the Santa Clara valley today confirm the reports of more optimistic sentiment in the prune areas, where drying is going on in increasing volume. Announcement of an advance over the first quoted prices on the 1921 crop by the Prune and Apricot Growers' Association, telegraphed to association agencies by H. C. Coykendall, general manager, also has strengthened the tone.

A schedule comparing first and revised quotations on bulk prunes of Sunsweet quality follows:

	Price	New Price
30-40s	8c	8 1/2c
40-50s	8c	8 1/2c
50-60s	8c	8 1/2c
60-70s	8c	8 1/2c
70-80s	8c	8 1/2c
80-90s	8c	8 1/2c
90-100s	8c	8 1/2c

Eggs marked their second upturn today, fancy grade offerings going at 45 cents a dozen. This is a gain of 3 1/2 cents in two days, yesterday's advance having been 1 1/2 cents as compared with a 2-cent gain today.

There are an increasing number of firms in the market now with a corresponding softening in prices. Some activity is noted in the buying of white figs for preserving by housewives, but the trays are selling as cheaply as 50 cents for singles as yet. Mission figs on doubles were sold at \$1.50.

Predictions of an opening price of \$5 a box on northern cranberries at Astoria, have caused here. The Oakland market also expects shipments from as far east as Massachusetts, probably late next month.

W. H. Campbell, who recently sold his grocery at Santa Clara and Oakland and retired after fifteen years as an Oakland retailer, reportedly filling the post of secretary and manager of the Oakland Retail Grocers' Association. The directors of the association have not yet made an appointment to fill the position rendered vacant by the death of E. S. Hogan.

ENROLLMENT OF
SCHOOLS PLACED
AT 43,000 MARKWaterfront and Factory Dis-
tricts Show the Largest
Gain in Attendance.

The first week of school indicated a total enrollment of about 43,000, according to a report last night by Superintendent of Schools Fred M. Hunter to the Board of Education.

The high schools increased by 400 and with the part-time schools included they totaled 1856. "The schools showing the most marked increases are in the waterfront and factory districts," says the superintendent.

Ten schools showed a slight decrease in attendance, more than made up by the increases in the other buildings.

The following are the schools with an increase of 50 or more pupils: Fremont high, 70; Oakland high 199; Technical high, 169; Vocational high, 54; Alameda, 71; Bay, 59; Cleveland, 61; Dimmock, 31; Erick, 76; Hawthorne, 64; Lacey, 112; Lockwood, 96; Sequoia, 50; Tompkins, 52.

The following schools showed a small decrease: Bella Vista, Cole, Durant, Emerson, Franklin, Jefferson, Lafayette, Manzanita, Santa Fe and Washington.

The decreases were small, except in the instance of the Washington school, which showed a decrease of 62.

Overhead Crossing
Held Up By Railway

The Supervisors have received a statement from District Attorney Ezra W. Decoto, prepared by Chief Deputy T. P. Wittschen, explaining that the failure to complete the overhead crossings on the state highway near Altamont, over the Southern Pacific's tracks, is due to delay on the part of the company in signing an agreement as to costs of the work.

The board recently requested the district attorney to forward an explanation of the situation, following numerous complaints concerning the delay in completing the work.

The statement says there are two crossings, one east and one west of Altamont. The Southern Pacific Company and the county share the expense. The agreement for the crossing east of Altamont was signed some time ago, as soon as the company had submitted the plans, and a contract for the work was let by the Supervisors yesterday.

The county has notified the company of its readiness to proceed with the agreement on the west crossing, but the railway has not produced the agreement nor shown readiness to go to the Railroad Commission, which has control of the matter, has been notified of the county's position, it is stated.

HUMAN LIFE IS
GROWING LONGER,
SAY STATISTICS

COLUMBUS, O., Aug. 30.—The average life of a man has lengthened four years in the last quarter century, despite the crime wave, war, automobile and other hazards.

"Within another generation the allotted three-score years and ten will be a thing of the past," Dr. George W. Hoagland declared today, basing his claims on mortality statistics of the American Insurance Union, of which he is secretary.

TROUT SENT TO YOSEMITE. REDDING, Cal., Aug. 30.—Two hundred thousand trout fry will reach El Portal, Cal., today, en route to Yosemite Valley, where they will be planted in various streams. The trout are from the Sisson state hatchery.

Thousands of Young Folks Expected to Be Guests of
This Paper at Event Saturday Next

Everybody is going to the bow-

wows.

If you don't think so just continue along these lines and see what's in store for every boy and girl in the Eastbay district under sixteen years of age.

The thousands of school children in Oakland, Alameda, Berkeley and other Eastbay cities will be the guests of The TRIBUNE and the Alameda County Kennel Club at the

opening of the sixth annual bench show of blue-blooded bow-wows, at Idora Park, next Saturday.

Admission to the dog show, which means admission to the park in general, will be absolutely free to every child under sixteen who presents one of the coupons printed below. It is the chance of a lifetime to see the greatest dogs in dogdom, all dressed up for display.

In order that every school child will be informed of the big free show, the Boards of Education of Oakland and other Eastbay cities have directed that the principals of the schools announce the event. Remember you must clip the coupon below and in you go, free.

The show will be held Saturday and Sunday, Saturday and Sunday night will be the main feature of the show, due to the mingling of kiddies and doggies.

HERE'S THE COUPON.

Here is the coupon to be clipped. Remember, it not only admits you to the dog show but to the whole of Idora Park as well.

Wife Asks For \$150 Monthly

SAN FRANCISCO, Aug. 30.—Separate maintenance to the amount of \$150 monthly is asked by Mrs. Dennis Merrill Danberg in an action filed today against George Ferris Danberg, prominent local merchant, whom she says deserted her in October, 1916, and has failed to provide for her. She wants the custody of her son.
